GARAGE
Surface Care – Clean

A. QUICK WASH
Fast and easy to use, Quick Wash is tough on dirt, oil and bugs, but gentle on other surfaces. This all-over bike cleaner is safe for use on all surfaces of your motorcycle and does not strip wax, corrode fasteners or spokes or stain leather and vinyl seats and saddlebags. Just spray it on and hose it off. Quick Wash gets into hard-to-reach spaces and cleans without scrubbing. Sheet action rinses clean and prevents spotting. Available in easy-to-handle trigger pump bottles and convenient refill containers.

16 fl oz (473 ml) Spray Bottle.
93600011 U.S.
93600071 International.

32 fl oz (946 ml) Trigger Bottle.
93600012 U.S.

1 gallon (3.79 L) Refill Bottle.
93600013 U.S.

B. SUNWASH® BIKE SOAP
This revolutionary cleaner lets riders wash their bikes where they want to – in the sun. Most bike wash products can be used only on cool days or in the shade. Sunwash® Bike Soap has a unique sheeting action that prevents hard water spots, and rinses clean even on hot days in the sun. Safe for use on all vehicle surfaces including denim paint. Biodegradable.

8 fl oz (236 ml) Bottle.
93600023 U.S.
93600077 International.

C. SPRAY CLEANER & POLISH
Keep your bike clean, even when you are away from home. Aerosol waterless quick cleaner/detailer is the perfect choice when the motorcycle is too clean to wash but too dirty to ride. Safe for use on metal, painted, plastic and windshield surfaces, this cleaning spray dissolves road grime and bugs for quick and easy cleaning and detailing. The spray floats dirt off the motorcycle, reduces static attraction to dust and leaves the surface with a great shine and UV protection.

11 oz (311 g) Aerosol Can.
93600029 U.S.
93600084 International.

Also available:
SPRAY CLEANER & POLISH + MICROFIBER KIT
The perfect on-the-road cleaning companion. Kit contains:
• Spray Cleaner & Polish aerosol waterless quick cleaner/detailer floats dirt and dust off the surface for a quick and easy cleanup.
• Microfiber Detailing Cloth is soft and durable for detailing, cleaning or buffing. The washable cloth can be used wet or dry and is safe for use on all surfaces and finishes.
93600108 U.S.
93600109 International.

D. BUG REMOVER
Remove bugs with little effort. Bugs have natural acids in their systems that can prove to be very damaging to motorcycle finishes if not removed. Bug Remover melts away bugs and is safe for use on metal, painted and plastic surfaces, including H-D® windshields. Biodegradable.

16 fl oz (473 ml) Spray Bottle.
93600002 U.S.
93600075 International.

Single-Use Wipe.
97400-10 One Single-Use Wipe.
E. WHEEL & TIRE CLEANER

The road provides plenty of nasty elements that can be potentially damaging to the finish of motorcycle wheels. Wheel & Tire Cleaner safely removes brake dust and road grime from wheels, tires and whitewalls in seconds. Also recommended for cleaning Harley-Davidson® black-coated exhaust pipes and mufflers. Biodegradable.

16 fl oz (473 ml) Spray Bottle.

F. DENIM PAINT CLEANER

Specially formulated for denim paint, this handy quick detailer cleans and protects the silky matte finish. Cleaner won’t streak or leave residue. Just spray and gently wipe away oils, fingerprints and dust. Compatible with all surfaces on Harley-Davidson motorcycles, this formula cleans without buffing, so you can avoid “polishing” the denim surface. Heavily soiled surfaces should be washed with Sunwash® Bike Soap and water before application.

16 fl oz (473 ml) Spray Bottle.

G. SEAT, SADDLEBAG & TRIM CLEANER

The perfect quick detailer for vinyl, leather and plastic surfaces, this one-step treatment cleans and refreshes without leaving a greasy residue. Just mist on and wipe away the accumulated dust and grime that dulls the finish. Ideal for use on inner fairings, dash panels, seats and saddlebags, this spray cleaner dries to a healthy satin shine and contains no waxes or other solvents that can dull the surface of vinyl and plastic.

93600010 8 fl oz (236 ml) Spray Bottle.

H. BOOT MARK REMOVER

Return the shine to your chrome exhaust. Formulated to break down rubber marks and road tar, Boot Mark Remover exhaust cleaner is applied directly to the soiled area. Just cover the target area with gel when the exhaust is cool and let it do its thing. Scrub and wipe away the residue, then rinse clean. Ideal for removing boot marks, asphalt resin, baked-on insects and melted plastic bags. Resealable applicator cap.

4 fl oz (118 ml) Bottle.

I. CHROME CLEAN & SHINE

Professional strength nonabrasive cleaner is formulated to ensure maximum shine on chrome-plated surfaces. The detergent-resistant formula is easy to apply and can be buffed to a bright, long-lasting finish. Can also be used to clean decorative brushed aluminum/stainless steel surfaces.

4 oz (113 g) Container.

J. WINDSHIELD WATER REPELLENT

Approved for use on Harley-Davidson motorcycle windshields. Enhance visibility during wet weather riding. Reduces the surface tension of water, allowing the water to bead and dissipate from the windshield by the airflow during riding. The convenient dispensing container includes 10 disposable wipes for easy application of the treatment. You can repeat application of the treatment as necessary. Not recommended for use on face shields. Not for use as an anti-fog product.

93600032 10 Wipes.

K. LCD SCREEN WIPES – INDIVIDUAL WIPES

Treated cloth safely cleans LCD touch screens. The soft disposable wipes quickly remove fingerprints and road grime from the screen to restore your clear view. The one-time use wipes are sealed in a convenient tear-open pouch so they stay clean and grit-free to avoid scratching the screen. Sold individually.

93600016 One Single-Use Wipe.
A. GLOSS DETAILER
This easy-to-apply mist produces the highest possible gloss finish in the shortest amount of time. Formulated to enhance luster and provide UV protection between waxes, this nonabrasive quick detailer can be applied to paint, clear coat, chrome, powder coat, windshields, vinyl and plastic. Gloss Detailer contains no waxes, silicones, oils or hydrocarbon solvents and will not remove Glaze™ Poly Sealant. Biodegradable.
16 fl oz (473 ml) Spray Bottle.
93600062 U.S.
93600073 International.
1 Gallon Bottle.
93600085 Global.
Single-Use Wipe.
97401-10 One Single-Use Wipe.

B. SCRATCH & SWIRL REPAIR
Formulated to remove fine scratches and swirl marks from gloss paint, this unique compound contains nonrigid abrasives that provide good initial leveling action on clear coat and become less aggressive while being buffed. This staging of grit size provides the benefits of a several step process in one convenient bottle and leaves your clear coat with a “new bike” shine. Biodegradable.
8 fl oz (236 ml) Bottle.
93600025 U.S.
93600074 International.

C. ENGINE BRIGHTENER
Make your engine look new again. Engine Brightener refreshes and rejuvenates tired wrinkle black finishes on engine cases, cylinder fins, covers or anywhere else the color has faded or lost its luster. Formulated with high-temperature silicon polymer, this detergent-resistant finish restorer cleans deep into the wrinkle black surface and “moisturizes” the finish to return the original satin sheen. Just spray it on, let it soak in and wipe away for a fresh look.
11 oz (311 g) Aerosol Can.
93600002 U.S.
93600068 International.

D. BLACK INNER FAIRING REJUVENATOR
Great for sun-rich environments, this Inner Fairing Rejuvenator brings back the deep black color on faded Original Equipment satin-black inner fairing surfaces. Just wipe on and buff off. An occasional application restores the luxurious matt finish and provides added UV protection. Can also be used on rubber and other black plastic components.
93600115 8 fl oz (236 ml) Bottle.

E. GLAZE™ POLY SEALANT
Three products in one bottle. A durable, breathable, clear poly sealant with UV protection that protects against fading and the oxidizing effects of acid rain and harsh airborne pollutants. An ultrafine leveling agent that removes fine scratches and minor blemishes in clear coat finishes. And a cleaner tough enough to handle tar, tree sap, stains and pollutants. Glaze Poly Sealant is easy to apply and hand buff for a deep, reflective finish. For use on all chrome-plated and gloss painted surfaces. Not for use on brake discs or denim, semi-gloss or wrinkle-finish surfaces. Biodegradable.
8 fl oz (236 ml) Bottle.
93600026 U.S.
93600079 International.
F. Black Leather Rejuvenator
Black Leather Rejuvenator puts new life back into faded black leather seats and saddlebags. To re-color and condition weathered leather, just clean the surface and apply the treatment with a Disposable Detailing Soft Cloth. Wipe off the excess, buff the leather surfaces to the desired shine, and your leather looks like new. For lasting weather protection, follow the application with H-D® Leather Protectant.

4 oz (113 g) Container.
93600033 U.S.
93600081 International.

G. Leather Protectant
Leather Protectant offers the most effective weatherproofing and preservative action for leather saddlebags, tank panels, gear and apparel. Specially formulated for smooth, oil-tanned leather.

6 oz (170 g) Container.
93600034 U.S.
93600080 International.

H. Bare Metal Polish
Professional strength micro-abrasive polish is formulated to remove oxidation and refurbish metal motorcycle parts that have lost their original finish. Recommended for use on polished aluminum or polished stainless steel surfaces that are not clear coated. Not for use on painted, chromed or plated surfaces or decorative brushed aluminum or stainless steel finishes.

4 oz (113 g) Container.
93600028 U.S.
93600083 International.

I. Bare Aluminum Wheel Protectant – Individual Wipes
Bare Aluminum Wheel Protectant provides superior corrosion control for bare aluminum surfaces by forming a protective polymeric coating. The long-lasting formula is detergent and UV-resistant and is compatible with Harley-Davidson approved painted surfaces. Ideal for bare aluminum machined wheels. Should not be applied to mirror-polished surfaces or areas that will achieve operating temperatures greater than 300 degrees Fahrenheit.

93600063 One Single-Use Wipe.

J. Windshield Cleaner – Individual Wipes
Windshield Cleaner is approved for use on Harley-Davidson® windshields and removes water spots and grime that can obstruct your view. Single-use disposable wipe reduces the chance of scratching the shield, and cleans better than the typical grit-laden gas station squeegee or paper towel.

93600067 One Single-Use Wipe.

K. Tire Lettering Pen
Enhance your tire sidewall lettering by applying White paint. Acrylic ester resin paint provides excellent water resistance with improved color and gloss retention. Pump action paint dispensing pen allows either outlining or filling the lettering. Tip can be shaped or trimmed to allow for customized paint flow.

98625 1/3 fl oz – White.
A. HARLEY® WASH BUCKET
The perfect way to keep your bike clean and your garage organized. This handy 3.5 gallon cleaning bucket features a removable Grit Guard® insert that keeps sponges and wash mitts away from the dirt particles that settle to the bottom. The bucket is wrapped with a convenient clip-on apron that features clear vinyl pockets with mesh drains that are sized to fit Harley-Davidson® cleaning and detailing products (sold separately). The sturdy handle and snap tight lid make transportation and storage a breeze.

94811-10

B. FIREMAN STYLE HOSE NOZZLE
Wash your bike in style. The unique Fireman-Style hose nozzle features a large overhand lever for convenient operation. Just adjust the lever and the nozzle maintains the pressure flow – hands free. The spray head adjusts from a steady stream to a wide fan pattern and the soft rubber nose cone protects your bike’s surfaces from accidental contact. The durable metal body won’t rust or corrode and the soft-touch ergonomic grip is insulated for cold-water comfort. Standard-size garden hose fitting includes gasket.

93600016

C. WASH MITT
This premium quality, wool-blended wash mitt features extra dense pile for scrubbing power and durability. Machine washable, this mitt attains the perfect level of absorbency and has a Bar & Shield logo sewn into the cuff. Including a thumb for added dexterity, this mitt is custom designed to be used with either hand and made specifically for washing Harley-Davidson motorcycles.

94760-99

D. WHEEL AND SPOKE BRUSH
The perfect partner for Wheel & Tire Cleaner, this brush features soft, durable fibers attached to a base coated with polypropylene to prevent scratching. With a Bar & Shield logo branded into the handle, the brush has a cone shape for efficient cleaning and durable design that won’t melt on hot surfaces.

43078-99
E. CLEANING BRUSH KIT

Make every corner of your bike shine. This set of 3 wood-handled cleaning brushes helps you reach into the tightest places. The chamois brush gently scrubs in between engine fins or can be used after rinse to soak up hard-to-reach water. The reverse spiral brush is perfect for cleaning tire sidewalls or those hard-to-reach spaces elsewhere on your bike, and the soft mop brush will leave your chrome streak free. All brushes have vinyl-coated wires to prevent scratching.

94844-10

F. BUG EATER SPONGE

Tough on bugs but gentle on other surfaces. This easy-to-grip pad features a strong, flexible core laminated with double-sided cleaning surfaces. When paired with water and Bug Remover or Wheel & Tire Cleaner sprays, the textured orange surface helps break down and dissolve baked on bugs and road grime without scratching the surface below.

93600110

G. DISPOSABLE DETAILING SOFTCLOTHS – DISPENSER BOX

Now available in a pop-up dispenser box to keep cloths clean and handy. Rags often cause scratches in paint, but these Disposable Detailing Softcloths are made of special material specifically designed not to scratch paint while greatly reducing the amount of lint left behind during waxing and polishing. To avoid contamination, these disposable cloths come in a handy re-sealable pop-up dispenser box. Package contains 50 towels.

93600114 Dispenser Box with 50 Cloths.

H. MICROFIBER DETAILING CLOTH

Super soft and absorbent microfiber synthetic cloth is the multi-purpose choice for washing, cleaning or buffing. The cloth can be used wet or dry and is safe for use on all surfaces and finishes. This durable 16” square cloth is mildew-resistant and machine washable. Includes convenient storage container.

94663-02

I. SYNTHETIC DRYING CHAMOIS

Made of synthetic material that is safe for use on all surface finishes. Ensures extra absorbency without streaking. Stays soft and supple even when dry. Durable, mildew-resistant and machine washable. Includes convenient storage container.

94791-01

J. DETAILING SWABS

Detail those hard-to-reach places. Plush cotton swabs are perfect for removing polish and wax residue from cracks and crevices, and the strong but flexible 8” shaft allows you to clean in hard to reach areas around your engine, pipes and more. Package contains 50 swabs.

93600107
868 GARAGE
Surface Care

A. HARLEY BIKE WASH KIT
Bike Wash Kit includes the essentials required to clean your bike.

- **Sunwash® Bike Soap** cleaner is formulated to promote sheeting action that prevents hard water spots, and rinses clean even on hot sunny days. Biodegradable.
- **Bug Remover** spray melts away bugs without damaging metal, plastic or painted surfaces. Biodegradable.
- **Wash Mitt** features premium quality wool-blended material with extra-dense pile for scrubbing power and durability. Machine washable.
- **Bug Eater Sponge** helps remove debris without scratching surface finishes.
- **Synthetic Drying Chamois** that is safe for use on all surface finishes. Synthetic material is extra absorbent and dries without streaking.
- **Microfiber Detailing Cloth** can be used for washing, cleaning or buffing. The cloth can be used wet or dry and is safe for use on all surfaces and finishes.

B. HARLEY DETAIL & PROTECT KIT
Detail & Protect Kit includes the essentials to make your bike shine.

- **Glaze™ Poly Sealant** protects against fading and the oxidizing effects of acid rain and harsh airborne pollutants. The durable, breathable, clear poly sealant with UV protection is safe for use on most painted and chrome-plated surfaces. (Not for use on matte, semi-gloss and wrinkle finish surfaces.) Biodegradable.
- **Gloss Detailer** spray delivers a high-gloss finish in the shortest amount of time. Use on paint, chrome, vinyl, plastic and windshields for added UV protection. Biodegradable.
- **Chrome Clean & Shine** non-abrasive cleaner is formulated to deliver maximum shine on chrome-plated surfaces.
- **Scratch & Swirl Repair Cream** removes fine scratches and swirls from gloss paint in one step.
- **Disposable Detailing Soft Cloths** protect painted surfaces and minimize lint while waxing and polishing.
- **Microfiber Detailing Cloth** is soft and durable for detailing, cleaning or buffing. The washable cloth can be used wet or dry and is safe for use on all surfaces and finishes.
- **Detailing Swabs** feature plush tips and flexible 8” shafts for detailing hard-to-reach places.

C. HARLEY TRAVEL CARE KIT
Everything you need to make your bike shine – except the water. Whether you are starting the ultimate biker’s garage, or want to keep your ride clean on the road, the Harley® Travel Care Kit is your answer. The kit includes five 2 oz refillable bottles of proven Harley-Davidson® cleaning products. The kit features Sunwash® Bike Soap cleaner, spray-on Bug Remover, fast-acting Wheel & Tire Cleaner, Glaze™ Poly Sealant, Gloss Detailer and a soft Microfiber Detailing Cloth. The complete kit fits easily in the compact reusable zip-closure bag so you can take it along for the ride or store it neatly in your garage.

- **Five 2 oz Bottles**.
D. HOG® BLASTER MOTORCYCLE DRYER
Dry your bike in minutes with the HOG® Blaster. This powerful dryer blows a stream of warm, dry, filtered air at 18,000 feet/minute, allowing you to cut your drying time up to 75%. The HOG Blaster reduces streaks and water spots because water can’t hide in hard to reach places. No more annoying drips and runs when you move your bike. With an ergonomically friendly design for comfortable handling, the HOG Blaster features a durable all-steel outer shell, a 1.3 hp motor and a grounded electrical cord. Kit includes blower unit, flexible hose and 2 diffuser attachments. One-year manufacturer’s warranty on blower unit.

94651-09 120V, Grounded 3-prong Plug. United States, Canada and Mexico.
94865-09 220V, 2-pin Plug. Europe.

E. SADDLEBAG STORAGE STAND
Never set your saddlebags on the ground again. This convenient folding rack holds Touring hard saddlebags while you wash or work on your bike and utilizes the bag’s quarter-turn quick-disconnect fasteners to securely lock them in place. The strong, lightweight rack features 4 adjustable feet to level the stand and keep the bags off the ground. You can wash, dry, detail and re-install the bags with minimal handling. Stand accommodates both standard and extended hard saddlebags.

94778-10 For use with Touring model standard and extended-length saddlebags.
HARLEY-DAVIDSON® MOTORCYCLE COVERS

Welcome to the best-dressed list. Unlike a tarp and bungee cords, Harley-Davidson® Motorcycle Covers fight the effects of the elements and protect your bike’s paint and finishes from the rough world around us. Whether your bike spends its time in a heated garage or on the driveway, we’ve got you covered.

**ANTENNA ACCESS**
Touring and Trike covers feature hook-and-loop opening at the rear to accommodate antennas.

**HEAT-RESISTANT PANELS**
Indoor/Outdoor and Premium Indoor Covers feature heat-resistant panels that protect the cover from warm exhaust.

**REFLECTIVE TRIM**
High-visibility reflective trim makes a parked and covered bike more obvious.

**BELLY STRAPS**
Quick-release adjustable straps cinch the cover under the frame to reduce ballooning in the wind.

**CORSET-STYLE BACKBONE**
Medium & large covers feature a cinching system that customizes the cover for best fit. Just pull the cord and cover adjusts to the bike’s contours.

**ADJUSTABLE HEM**
Drawstring hem allows custom-tailored fit around the bike and eliminates the one-size-fits-some elastic cord.

**LOCK ACCESS**
Sewn-in grommets near the front wheel simplify the use of a cable lock or security chain (cable/lock not included).

**INTEGRATED STORAGE POUCH**
After use, just fold the cover into the convenient integrated storage pouch.

**WATER-RESISTANT SEAMS**
Heavy-duty Indoor/Outdoor covers feature taped overlapping seams for water resistance.

**MOISTURE REDUCTION**
Weather-shielded vents or breathable materials promote air circulation and minimize corrosion during short or long term storage.

**COVER ALARM POCKET**
Hidden pocket accepts optional battery-powered alarm. If the cover is disturbed, the 130-dB alarm is triggered.

**WATER-RESISTANT SEAMS**
Heavy-duty Indoor/Outdoor covers feature taped overlapping seams for water resistance.
A. INDOOR/OUTDOOR MOTORCYCLE COVER*

Now available in a compact size to fit Harley-Davidson Street® and Sportster® models, these covers guard your bike from Mother Nature. Perfect for a bike that is exposed to the elements, this heavy duty cover is manufactured from diamond-pattern 300 Denier fade-resistant polyester and features taped seams for water resistance. The weather shielded vents in the top of the cover promote air circulation to reduce moisture build-up and minimize corrosion during short or long term storage. Internal heat-resistant panels protect the cover from warm exhaust and an integrated storage pouch permits convenient packing when not in use. The cover skirt features front and rear adjustable drawstrings to cinch the cover around the bike and a convenient belly strap to reduce ballooning in the wind. Cover features a convenient opening near the front wheel for a security chain or cable and internal pockets that accept the optional Cover Alarm (P/N 69000038). Available in your choice of two-tone orange and black or inconspicuous plain black finish, the cover features reflective piping for added visibility.

Small. Fits XG, XL and XR models.
93100040 H-D Orange/Black.
93100041 Black.

Medium. Fits VRSC™, Dyna® and Softail® models.
93100022 H-D Orange/Black.
93100025 Black.

Large. Fits Touring and Freewheeler® models. Does not fit FLHXXX or FLHTCUTG models.
93100023 H-D Orange/Black.
93100026 Black.

Extra Large. Fits Trike models.
93100024 H-D Orange/Black.
93100027 Black.

*NOTE: H-D® motorcycle covers are not designed to be used while trailering. Using an H-D motorcycle cover while trailering may cause the cover to tear, possibly causing damage to the cover and motorcycle.
**A. PREMIUM INDOOR MOTORCYCLE COVER**

Now available in a compact size to fit Harley-Davidson Street® and Sportster® models, these covers are shaped to pamper your bike. This luxuriously soft microfiber cover is ideal for short and long term indoor storage. The breathable microfiber material promotes air circulation to reduce moisture build-up and minimize corrosion. The cover’s skirt features front and rear adjustable drawstrings to cinch the cover around the bike and a convenient belly strap to reduce ballooning in the wind. The cover features heat-resistant panels that protect the material from warm exhaust. Cover features a convenient opening near the front wheel for a security chain or cable and internal pockets that accept the optional Cover Alarm (P/N 69000038). The two-tone orange and black cover features reflective piping for added visibility and an integrated storage pouch for convenient packing when not in use.

Small. Fits XG, XL and XR models.
93100042 H-D Orange/Black.

Medium. Fits VRSC™, Dyna® and Softail® models.
93100019 H-D Orange/Black.

Large. Fits Touring and Freewheeler® models. Does not fit FLHXXX or FLHTCUTG models.
93100020 H-D Orange/Black.

Extra large. Fits Trike models.
93100021 H-D Orange/Black.

### B. INDOOR MOTORCYCLE COVER

Now available in a compact size to fit Harley-Davidson Street and Sportster models, this cover protects your bike from dust and scratches. Perfect for a bike that’s parked indoors, this breathable polyester cover promotes air circulation to reduce moisture build-up and minimize corrosion during short or long term storage. The cover’s skirt features front and rear adjustable drawstrings to cinch the cover around the bike and a convenient belly strap to reduce ballooning in the wind. The cover features a convenient opening near the front wheel for a security chain or cable and internal pockets that accept the optional Cover Alarm (P/N 69000038). The two-tone orange and black cover features reflective piping for added visibility and an integrated storage pouch for convenient packing when not in use.

Small. Fits XG, XL and XR models.
93100043 H-D Orange/Black.

Large. Fits VRSC, Dyna, Softail, Touring and Freewheeler models.
93100018 H-D Orange/Black.

**NOTE:** H-D® motorcycle covers are not designed to be used while trailering. Using an H-D motorcycle cover while trailering may cause the cover to tear, possibly causing damage to the cover and motorcycle.
C. OASIS DAY COVER
Keep your seat dry when you stop for the night. Lightweight and compact for travel, this easy-to-store cover rolls into the built-in bag. Made from soft micro-fiber, the black and orange water repellent fabric dries quickly for a quick get away. Hook-and-loop closures in the rear let you slip the cover over your antennas and the elastic bottom hem and footboard stirrups ensure a snug fit. The Harley-Davidson script and Bar & Shield logos prominently stand out on the fabric.

93100028  H-D® Orange/Black.
Fits Touring and Trike models equipped with Tour-Pak® luggage.

D. MOTORCYCLE COVER ALARM
Protect your covered motorcycle from tampering. Self-contained alarm fits into the pocket on select H-D® Motorcycle Covers. The snap swivel clips to spokes, rotors or other fixed parts and the cord leads back to the alarm pin. If the cover is pulled off the bike, the pin is pulled, triggering the 130-dB alarm. Weatherproof alarm is powered by a replaceable 9V battery (not included).

69000038  Fits select H-D Motorcycle Covers with alarm pocket.

E. COTTON WINDSHIELD STORAGE BAG
This bag is constructed of breathable cotton material and is designed for a scratch-free storage area. The outside of the bag features an embroidered Bar & Shield logo to match the cotton cycle covers.

95982-98B  Fits all Harley-Davidson® windshields.

F. FAIRING LOWER SOFT STORAGE BAG
Protect your fairing lowers when they are removed for hot weather riding. This convenient storage bag features a heavy-weight 10 oz cotton exterior and sturdy carrying handle. Dual zippers open to expose a soft felt interior with a sturdy divider for left and right lowers and two zippered pouches for loose hardware storage. A classic embroidered Bar & Shield logo adorns the bag’s exterior.

95983-07  Fits all styles of Harley-Davidson Fairing Lowers (except Twin-Cooled™ models).

*NOTE: H-D® motorcycle covers are not designed to be used while trailering. Using an H-D motorcycle cover while trailering may cause the cover to tear, possibly causing damage to the cover and motorcycle.
874 GARAGE
Motorcycle Covers

A. SERVICE COVERS
Protect the finish on your tank and fenders while performing routine service on your motorcycle. These custom shaped covers feature an easy-to-clean black vinyl outer surface and a soft non-abrasive fleece inner liner. Fuel tank covers feature built-in magnets to prevent the cover from sliding, convenient mesh pockets to keep small parts from rolling away and a clear paperwork window for notes and instruction sheets. Fender covers feature soft elastic bands to keep the covers firmly in place. To complete the look, the cover features a nostalgic Harley-Davidson® logo that will look great in any garage.

94640-08    Large Fuel Tank.
Fits Dyna™, Softail®, Touring and Trike models.

94642-08    Sportster® 3.5 Gallon Fuel Tank.
Fits XL models with 2.2 or 3.3 gallon fuel tank.

94645-08    Sportster 4.5 Gallon Fuel Tank.
Fits XL models with 4.5 gallon fuel tank. Also fits XG models.

94641-08    Large Front Fender.
Fits FLD, FL Softail (except FLS and FLSS), Touring and Trike models.

94643-08    Small Front Fender.
Fits XG, XL, XR, Dyna and FX Softail models.

B. RAIN COVERS*
Featuring a handy storage sack, this black nylon, water-resistant, Cordura® cover packs easily and shelters your seat from the storm.

51638-97    Solo Seat.
Fits H-D® solo seats (except XR and FLSTS).

51639-97    Two-Up Seat.
Fits VRSC, XG, XL, Dyna and Softail models with Two-Up seats. Does not fit Touring and Trike models. Does not fit with Rider Backrests.

52952-97    Seat with Rider Backrest.
Fits H-D Touring and Trike seats. Fits with accessory rider backrest. Includes rain cover for Tour-Pak® mounted passenger backrest.

*WARNING: Do not use while riding; could result in death or serious injury.
C. REMOTE CONTROL GARAGE DOOR OPENER KIT

Operate your automatic garage door opener without leaving your motorcycle seat or fumbling in your pocket for the remote control. Compatible with most brands of automatic openers, this kit allows you to operate your door by cycling the bike’s high-beam switch. The hidden transmitter splices into your bike’s wiring harness and is powered by your vehicle battery, so there are no transmitter batteries to replace. When your key is switched off the transmitter is disabled, providing added garage security if you park your bike outside. The signal is sent to the in-garage receiver that plugs into a standard 110-volt outlet and is wired to the automatic opener. The receiver’s rolling code technology provides additional security. Kit includes one transmitter and one receiver. Individual components are available to equip additional motorcycles and garages.

91558-01B Complete Kit.
Fits '02-later VRSC™, '15-later XG, '94-later XL, '08-'13 XR, '96-later Dyna® and Softail®, and '94-later Touring and Trike models. '14-'16 XL, '12-later Dyna and '11-later Softail models require separate purchase of Electrical Connection Kit P/N 72673-11. '14-'16 Touring and Trike models require separate purchase of Electrical Connection Kit P/N 69200722. '17-later Touring and Trike models require separate purchase of Electrical Connection Kit P/N 69200722. Not compatible with Chamberlain®/Liftmaster® MyQ® or Sears® Craftsman AssureLink™ garage door openers.

1. Remote Control Garage Door Opener Transmitter
This kit allows owners of the Remote Garage Door Opener P/N 91558-01B to equip each of their Harley-Davidson® motorcycles with a remote transmitter.

91561-01B For use with Remote Control Garage Door Opener Kit P/N 91558-01B. '15-later XG models require separate purchase of P/N 72136-94GY, 72156-94 and 4x 72195-94. '14-later XL, '12-later Dyna and '11-later Softail models require separate purchase of Electrical Connection Kit P/N 72673-11. '14-'16 Touring and Trike models require separate purchase of Electrical Connection Kit P/N 69200722. '17-later Touring and Trike models require separate purchase of Electrical Connection Kit P/N 69201599.

2. Remote Control Garage Door Opener Receiver
This additional receiver permits the owner of the Remote Garage Door Opener P/N 91558-01B to operate more than one garage door opener from a single transmitter.

91562-01 For use with Remote Control Garage Door Opener Kit P/N 91558-01B. Not compatible with Chamberlain/Liftmaster MyQ or Sears Craftsman AssureLink garage door openers.

D. HELMET HANGER

Proudly display your collection of helmets. Harley-Davidson Helmet Hangers keep your expensive helmet safe and out of the way. Designed to accommodate all types of helmets, these Helmet Hangers allow air to circulate inside to keep the liner fresh and dry. The rigid steel hooks feature a durable e-coated surface and soft rubber edges to protect the finish of the helmet. The wall-mount J-Hook design can be secured to a trailer wall, garage wall or most any flat surface. The universal S-Hook design hangs on doors, cubical walls and closet rods.

93100034 J-Hook.
93100035 S-Hook.
VERSATILE STORAGE

The Detach Depot Garage Storage System provides versatile, secure, off-the-floor storage for removable accessories — saving valuable shelf and floor space. The convenient Detach Depot Wall Rack and Saddlebag Mounts put H-D® Detachables™ within easy reach and protect your components from storage wear and tear.

DETACH DEPOT EXAMPLE CONFIGURATIONS

WALL RACK

The Detach Depot Wall Rack can be adjusted to accommodate a wide variety of detachable accessories. Just mount the rack to the wall studs, move the soft-touch rods into position and mount your accessories. The versatile storage rack has the flexibility to grow with you as you change bikes or add more accessories.

SPORTSTER® H-D® DETACHABLES™

DYNA® H-D DETACHABLES

SOFTAIL® H-D DETACHABLES

SOFTAIL® DELUXE H-D DETACHABLES

ROAD KING® CLASSIC H-D DETACHABLES

TOURING H-D DETACHABLES
A. DETACH DEPOT WALL RACK
Declutter your garage! Detachable windshields, backrests, luggage racks and Tour-Pak® luggage increase the versatility of your bike and allow you to equip your motorcycle for today’s ride. Add the accessories to the bike when you need them, and pop them off when you don’t. But what do you do with the H-D® Detachables™ when they are not on the bike? The Detach Depot Wall Rack offers an off-the-floor, secure storage place for your detachable accessories. You no longer need to find acres of shelf space or worry about tripping over your detachable components. This heavy-duty Detach Depot Wall Rack can be mounted to any wall, and the 16" on-center design lets you mount it securely to the studs. The rack features 5 coated rods that can be positioned in a wide variety of adjustable mounting slots. Just install the rods in the appropriate location, tighten them down and click your detachable accessories in place. Adjustable rods can accommodate almost any combination of accessories. Kit includes black-finished side panels, 5 coated rods, decorative end caps and all necessary mounting hardware.
93100005
For use with Harley-Davidson® Detachables products including Tour-Pak Mounting Racks, Sissy Bars, Luggage Racks, Rider Backrests and H-D Detachables-style Windshields. Quick-Release style Windshields and Rider Backrests require separate purchase of auxiliary mount kits.

B. DETACH DEPOT QUICK-RELEASE WINDSHIELD MOUNTS
Required for installation of Quick-Release Windshields on Detach Depot Wall Rack. Stepped conical mounts slip onto the Detach Depot Wall Rack’s adjustable rods and allow the clamp-style quick-release windshield mounts to firmly lock in place. Kit includes 2 stepped mounts.
93100015
For use with Harley-Davidson Quick-Release Windshields (except XG) and Detach Depot Wall Rack P/N 93100005.

C. DETACH DEPOT RIDER BACKREST MOUNT
Store your Touring Rider Backrest safely in your garage when it’s not on your bike. This compact bracket mounts to the Detach Depot Wall Rack side plate and allows you to hang the rider backrest pad in a convenient location. Kit includes mounting bracket and required hardware.
93100016
For use with Harley-Davidson Rider Backrest and Adjustable Rider Backrest Kits and Detach Depot Wall Rack P/N 93100005.

D. JIFFY STAND COASTER
Designed for use beneath the jiffy stand, this polypropylene coaster prevents the stand from sinking into soft surfaces such as dirt, asphalt and grass.
94647-98
Fits motorcycles equipped with a sidestand.

E. E-TRACK TIE-DOWN RING
This steel Tie-Down Ring is used to strap motorcycles to a trailer equipped with the E-Track docking system. The Tie-Down ring is quickly secured and easily repositioned by pressing the release lever. The 3/8” thick ring has a 2” inner diameter and has 5,000 lb. load capacity. Zinc plated for corrosion protection. Sold individually.
92900045
A. CRUISER CRADLE WHEEL CHOCK
This sturdy aluminum wheel chock will hold your bike securely on the ground, on a trailer or in the back of a pickup truck. Sized to fit most motorcycles, this wheel chock will keep your bike upright while you are storing, transporting or working on your bike. Designed for roll-on roll-off use, the rocking cradle allows one person to easily park their bike in the stand. Just roll the bike into place and dismount. The Cruiser Cradle holds the bike in place without straps. Upright storage saves garage space and permits easy access to both sides of the vehicle.

Cruiser Cradle’s utility is not limited to the garage. The lightweight, folding wheel chock is easy to transport. Use it on the driveway when you are washing your bike or, when equipped with the optional Trailer Adapter, the versatile wheel chock can be easily moved to a trailer or the back of a pickup truck. The one-person operation simplifies securing the bike for transport. Load the bike into the Cruiser Cradle, dismount and the bike remains upright. Just two tie-down straps are required to hold the bike in place. And because you don’t need to overtighten the straps, you won’t damage sensitive suspension parts and handlebar bushings.

92900001
For use with models with vehicle weight up to 3000 lb (1360 kg) and front or rear wheel size of 14" to 22" (355-560mm) rim diameter and 3.15" to 8.66" (80mm-220mm) nominal wheel width.

B. CRUISER CRADLE TRAILER ADAPTER KIT
Cruiser Cradle Trailer Adapter Kit is engineered to simplify installation of Cruiser Cradle Wheel Chock on many trailers – from enclosed trailers to flat-bed style open versions. Simply mount the low profile kit to the floor of your trailer and the Cruiser Cradle can be attached in seconds, without tools.

92900002
For use with Cruiser Cradle Wheel Chock P/N 92900001 on trailer applications.

C. CRUISER CRADLE WHEEL CHOCK – TRAILER ONLY VERSION
Sized to fit most motorcycles, this wheel chock will keep your bike upright while you are transporting or working on your bike. Designed for roll-on roll-off use, the rocking cradle allows one person to easily park their bike in the stand. Just roll the bike into place and dismount. Just two tie-down straps are required to hold the bike in place. And because you don’t need to overtighten the straps, you won’t damage sensitive suspension parts and handlebar bushings. The Trailer-Only chock can be removed from the trailer in seconds with four wing nuts or the optional E-Track Adapter and can be folded down when not in use. Includes all brackets and hardware to mount a trailer or lift table.

92900042
For use with models with vehicle weight up to 3000 lbs (1360 kg) and front or rear wheel size of 14" to 22" (355-560mm) rim diameter and 3.15" to 8.66" (80mm-220mm) nominal wheel width.

D. CRUISER CRADLE UNIVERSAL E-TRACK ADAPTER KIT
This heavy-duty plated steel kit secures the Cruiser Cradle Wheel Chock to standard E-Track on any trailer platform, whether the E-Track is above the floor, recessed or flush-mounted. You can adjust the position of the chock anywhere along the E-Track for maximum flexibility in positioning a motorcycle and the chock can be adjusted side-to-side between 27" and 43" wide. The Universal E-Track Adapter Kit includes all the necessary hardware and including a Boomerang Bar for added Wheel Chock stability. Ratchet tie-downs are required for transporting the motorcycle.

92900043
For use with Cruiser Cradle Wheel Chock P/N 92900001 or 92900042 on trailer applications.
E. MOTORCYCLE SERVICE LIFT

This low profile hydraulic lift fits under any Harley-Davidson® motorcycle. The 1,100 capacity lift can raise a 2-wheel Harley® model 16.9" from the floor. The lift features 2 fixed and 2 swivel heavy duty wheels and a removable T-handle for easy maneuverability. The durable high-visibility Harley orange powder coat finish is easy to clean. Kit includes lift and 2 tie-down straps. This product is not available for sale in the following markets – Europe, Middle East and Africa.

92900004
Fits Harley-Davidson V-Twin models (except Trike and models equipped with a Sidecar). Softail® models require Frame Protector Kit P/N 94675-99, Twin Cam-equipped Dyna® models require Adapter Kit P/N 98965-99, both sold separately.

Also available:
FRAME PROTECTORS (not shown)
Use these Frame Protectors to protect the underside of your motorcycle when using any lift. A must for Softail models to provide the clearance necessary to keep lift pressure on the frame and not the shock absorbers. Universal and customizable to fit any V-Twin Harley-Davidson motorcycle. Sold in pairs.

94675-99 Fits all 1.25" frame tubes.

Also available:
MOTORCYCLE SERVICE LIFT ADAPTOR KIT FOR DYNA® TWIN CAM MODELS (not shown)
Provides the necessary clearance of the oil tank that allows the Motorcycle Service Lift P/N 92900004 to be used on ’99-later Dyna models equipped with a Twin Cam engine.

98965-99
A. HARLEY-DAVIDSON® 1.5" GRADUAL RELEASE RATCHET TIE-DOWN STRAPS
600 lbs Working Load – 1.5” x 66”
These heavy duty ratchet straps provide maximum tensioning power and a higher working load capacity with the added benefit of being able to release the tension one click at a time. The ratchet is built with a comfortable molded grip handle and a dual-direction reversing drive that permits the spindle to rotate backwards releasing tension until it reaches 60 lbs. This option helps eliminate the “snap back” release common with most standard ratchet designs under heavy load and also permits the even tensioning of straps without having to release all of the webbing and start over. The strap also features heavy duty 6,000 lbs abrasion resistant Nylon webbing, a built in Soft Hook with vinyl coated full size “S” hook on the fixed end and an large closed end carabiner hook on the adjustable end to keep it hooked securely during the tie-down process. Sold in pairs.
94706-10
Ratchet Straps with Integrated Soft Hook.

B. HARLEY-DAVIDSON 1.25" RATCHET TIE-DOWN STRAPS
400 lbs Working Load – 1.25” x 78”
These 1.25” Harley-Davidson Tie-Downs have a 1,200 lb capacity and feature Harley-Davidson scripted webbing with a loop handle for easy pulling. Vinyl-coated hooks feature spring loaded one-way wire loop gates that hold the hook in position, simplifying initial tie-down setup. Harley-Davidson Ratchet Tie-Down Straps feature lever-action ratchets for use when greater tensioning power is needed. Straps are also available with integrated soft hooks that are designed to keep the coated hard hooks away from delicate surfaces. Sold in pairs.
1. 94699-10
2. 94704-10
Ratchet Straps with Integrated Soft Hook.

C. HARLEY-DAVIDSON® HOG TIES® 1.5" CAM BUCKLE TIE-DOWN STRAPS
600 lbs Working Load – 1.5” x 66”
Made and designed specifically for Harley-Davidson motorcycles, these are among the sturdiest cam buckle tie-downs on the market. Each tie-down is a full 1.5 inch wide, 6,000 lbs abrasion resistant Nylon webbing with vinyl coated steel “S” hooks and a sturdy buckle that features the Harley-Davidson Bar & Shield logo and an added pressure plate to provide superior grip on the webbing. The assembly is pre-threaded through the cam and ready to use out of the package. It also has a sewn hand loop on the adjustable end to prevent the webbing from pulling loose from the cam. Sold in pairs.
94649-98

Shown with:
HOG TIES 1.5" CAM BUCKLE TIE-DOWN STRAPS WITH INTEGRATED SOFT HOOKS

600 lbs Working Load – 1.5” x 66”
This version of the popular Hog Ties® tie-down has all the features of the standard Hog Ties tie-down straps plus an added Soft Hook built into the assembly allowing your choice of either the soft or steel hook against the motorcycle. It is especially useful for avoiding pinching of brake lines, wiring or other parts that can be damaged by steel hooks. Sold in pairs.
94672-99
D. HARLEY-DAVIDSON® FLEECE SOFT HOOKS
400 lbs Working Load – 1.25" x 18"
These 18" Soft Hooks are designed to keep ratchets, hooks and buckles away from delicate surfaces. The soft synthetic sheepskin cover cushions the surface and protects handlebars, triple trees and other tie-down points from scratches and abrasion. Each soft hook has a capacity of 2,400 lb. Sold in pairs.
93100001

E. HARLEY-DAVIDSON SOFT HOOKS
400 lbs Working Load – 1.25" x 18"
These Harley-Davidson® 18" Soft Hooks keep ratchets and buckles away from delicate surfaces. Each soft hook has a capacity of 2,400 lb. Sold in pairs.
94705-10

F. HOG TIES® SOFT HOOKS
600 lbs Working Load – 1.5" x 18"
Wider and stronger, Hog Ties® Soft Hooks are designed to be used in conjunction with standard Hog Ties Straps to keep hooks from direct contact with handlebars, fairings, brake lines, wiring and painted surfaces. Secure to bike then secure tie-down hook to opposite end. Made with 6,000 lbs Nylon webbing. Sold in pairs.
94650-98

G. ANCRA® RAT-PACK RATCHET STYLE TIE-DOWN STRAPS
400 lbs Working Load – 1" x 66"
The original ratchet tie-down for motorcycles locks secure and provides the added tension needed to secure bikes and ATVs for longer hauls. Straps feature a wider grip ratchet handle, 4,500 lbs abrasion resistant nylon webbing, full size vinyl coated “S” hooks on fixed ends and non-coated steel “S” hooks on the adjustable ends. Sold in pairs.
98187-90T

H. ANCRA SOFT HOOK EXTENSIONS
400 lbs Working Load – 1" x 12" or 1" x 18"
Made with 4,500 lbs Nylon webbing, Ancra soft hook extensions provide an effective way to keep hooks from direct contact with handlebars, fairings, brake lines, wiring and painted surfaces. Secure to bike then secure tie-down hook to opposite end. Sold in pairs.
98192-85T 12 inches.
98193-85T 18 inches.
Motorcycle Locks

**A. DISC BRAKE LOCK AND REMINDER CORD**

Designed to prevent roll-away theft, this lock provides security protection and resists cutting and chisel attacks. Hardened drop-forged steel lock features a dual-reinforced high-security disc-style cylinder and blade-style key. The sleek and compact design is available in mirror chrome or in a bright orange finish for maximum visibility. Kit includes 2 blade-style keys and a high-visibility reminder cord that loops from the lock to the handlebar as a visual indication that your lock is still engaged. Key registration and replacement service is available.

Fits front brake rotor on ‘83-later models, except those with 19-inch laced front wheels. On VRSC™ models, fits on rear brake rotor; does not fit front brake rotor on models equipped with solid disc wheels.

| 94873-10 | Orange.
| 46086-98A | Chrome.

Also available:

**LOCK REMINDER CORD**

Remember to remove your Disc or Fork Lock before beginning your ride with this high-visibility Reminder Cord. Flexible, coiled, bright orange cord loops from external lock to handlebar, acting as a visual indication that your lock is still engaged.

| 46318-04 |

**B. SHACKLE LOCK KIT**

Secure your brake disc or sprocket. This lock features a fully removable 14mm shackle with a large inside diameter to simplify the capture of chain links and cable loops. The high-security double deadbolt design and anti-float disc lock cylinder is tough to defeat and the soft nylon coating on the shackle and lock protects your bike’s finish. The blade-style key slot is hidden behind a sliding dust cover for weather protection and the kit includes a lighted key for nighttime locking. The bright orange color of the lock and the handy reminder cord provides visibility to the user and added theft deterrence. When not in use, the lock and cord can be stored in the compact ballistic nylon pouch with belt clip. Kit includes lock, two standard keys, one lighted key, coiled reminder cord and storage pouch.

- Includes Key Safe program that allows you to order keys if you lose them.
- Optional Anti-Theft protection that will pay up to $750 if your bike is stolen.
- Thatcham Category 3 Approved.

| 94868-10 |

---

**WARNING:** Remove lock before operating motorcycle. Failure to remove lock could result in death or serious injury.

**“KEY SAFE” registration and replacement service is provided by the lock manufacturer. Information is included in the product packaging.**
C. NOOSE CHAIN AND SHACKLE LOCK KIT

Maximum protection for your motorcycle. This high-security Noose Chain and Lock features a 12mm triple heat treated boron manganese 6-sided link steel chain with cinch ring for securing your bike to stationary objects. Put the chain around a post, slip the chain through the ring, and cinch it tight. Then loop the nylon-web covered chain through the frame or wheels of the bike and lock it up tight. The lock features a fully removable 14mm shackle, a double deadbolt design for added security, a high-security lock cylinder with anti-float discs and nylon molded dust cover, and a lighted key for nighttime locking. The orange color gives the lock greater visibility for added theft deterrence. Security chain length: 4.25’.

- Includes Key Safe program that allows you to order keys if you lose them.
- Optional Anti-Theft protection that will pay up to $1,000 if your bike is stolen.
- Thatcham Category 3 Approved.

94869-10

D. H-D 20MM SUPER HARD WIRE CABLE LOCK

This tempered steel cable lock features a smooth vinyl cover and a soft molded lock head to protect the frame and wheel from scratches. The braided and twisted cable offers improved cut resistance, and the integrated lock features a snap-shut cylinder with quarter-turn key movement. Orange highlights improve visibility for added theft deterrence. Kit includes 2 blade-style keys. “Key Safe” registration and replacement service is available. Cable length: 6.0’.

46089-98A

E. H-D® 12MM ACCESSORY CABLE LOCK

This 12mm multi-purpose cable lock is ideal for securing helmets, leathers and other items. The braided steel cable features a protective vinyl cover and a soft molded lock cover to prevent scratches. The integrated lock features a snap-shut keyway for weather protection, and the flexible cable can be coiled tightly for convenient storage. Orange highlights improve visibility for added theft deterrence. Kit includes 2 blade-style keys. “Key Safe” registration and replacement service is available. Cable length: 6.0’.

46090-98A

F. DOUBLE LOOPED SECURITY CABLE

This handy 7’ x 10mm Double Loop Cable is very versatile. The vinyl-covered braided cable is flexible, and can be used to lock equipment to your bike. Loop it through the sleeve of your jacket and the strap of your helmet, lock it to the bike, and feel free to walk away unencumbered. The bright orange swage covers provide greater visibility for added theft deterrence, and the hook-and-loop strap lets you tie the coiled cable for convenient storage. Cable length: 70’.

94871-10

1 WARNING: Remove lock before operating motorcycle. Failure to remove lock could result in death or serious injury.

2 WARNING: Chain or cable is to be used as a theft deterrent only. Use for towing, lifting, or any other purpose could result in death or serious injury.

**“KEY SAFE” registration and replacement service is provided by the lock manufacturer. Information is included in the product packaging.**
A. UNIVERSAL MOUNT HELMET LOCK
To limit grab-and-run theft, just unlock the hinged clasp, hang your helmet by its strap, and relock with the included key. Your helmet is held securely in place. In addition, hanging your helmet reduces the risk of impact damage if the helmet slipped off the seat or the handlebar. Designed to be installed to .875" to 1.25" diameter tubing engine guards, saddlebag guards and frame tubes, the Helmet Lock is secured to the bike with tamper-proof hardware that cannot be easily removed. Note: Do not use lock when vehicle is in motion. Helmet Lock should only be used when motorcycle is parked and locked. Duplicate keys are not available.

B. HARLEY-DAVIDSON® HELMET LOCK
This carabiner-style universal helmet lock protects your helmet, jacket or bag from casual grab-and-go theft. The lock is small enough to fit into your pocket, but big enough to fit around most any handlebar or engine guard (1.5"/38mm max). No keys are required. Simply set your own 4-digit code, slip the carabiner through your helmet D-ring, and close the outward-opening lock. The aluminum and zinc alloy carabiner is covered with a tough rubber coating to protect the surrounding finishes.

C. HARLEY-DAVIDSON HELMET/JACKET SECURITY CABLE
This handy cable is a great complement to the Harley-Davidson® Helmet Lock. Slide one end through your jacket sleeve or luggage, hook the loops at the end of the cable onto the Helmet Lock and attach it to your bike. And, if your helmet does not have D-rings, you can pass the cable through your helmet’s chin piece, loop the ends through your Helmet Lock and lock it to your bike. Now your jacket, luggage and helmet are locked to your bike. When you’re finished, it will recoil back to its original length and will slip easily into your pocket. The cable is made from 3mm thick nickel plated steel cable, is only 4.5 inches (11cm) long when coiled, stretches up to 6ft (180 cm) and has a load capacity of 200 lbs (100 kg).

**WARNING:** Remove lock before operating motorcycle. Failure to remove lock could result in death or serious injury.

**WARNING:** Chain or cable is to be used as a theft deterrent only. Use for towing, lifting, or any other purpose could result in death or serious injury.
D. LOCKING QUICK-RELEASE WINDSHIELD CLAMP

Protect your investment. This Locking Quick-Release Windshield Clamp secures your windshield from grab-and-run theft, giving you peace of mind when you have to leave your bike unattended. The chrome-plated Locking Clamp replaces one of the Original Equipment windshield clamps, and features a push-button lock with a mini barrel-style key for easy removal. Kit includes one locking clamp and two matching keys.

57400006 39mm. Fits '88-later XL (except '16-later XL1200CX and XL1200X) and '91-'05 Dyna® models (except FXDWG) equipped with Quick-Release style windshields.

57400007 41mm. Fits '93-'05 FXDWG and '88-'15 FXS, FXST, FXSTB and FXSTC models equipped with Quick-Release style windshields.

57400008 49mm. Fits '02-'10 VRSCA and VRSCAW, '04-'05 VRSCB, '07 VRSCX, '16-later XL1200X and '06-later Dyna models (except FLD) equipped with Quick-Release style windshields.

E. LOCKING H-D® DETACHABLES™ LATCH KIT

This unique lock replaces the cam-lock on your Harley-Davidson® Detachables™ accessories, providing additional security and peace-of-mind when parking your vehicle. Kit includes two extended-reach barrel-style keys for easy access to the lock. Key registration and replacement service is available. Sold in pairs.

Fits all models equipped with detachable Sideplates, Racks and Tour-Pak® Luggage Carriers (except '09-later Touring models equipped with detachable Solo Tour-Pak Rack).

90300086 Black.

90300087 Chrome.

F. BAR & SHIELD LOGO PADLOCK

Classic round-body lock is perfect for use as a fork lock, or to secure protective cables or chains. This high-security lock features a tough case-hardened boron alloy shackle and easy-to-operate quarter-turn five-pin tumbler cylinder, housed in a beautiful chrome-plated lock body with textured surfaces and embossed Bar & Shield logo. Kit includes 2 keys.

45737-72A

G. UNIVERSAL SADDLEBAG LOCK KIT

Keep the contents of your existing soft-sided saddlebags safe from the grab-and-go thief. This unique kit features two extra-small barrel locks that can replace existing saddlebag snaps to perform double duty as locks or as snaps when you don’t need to lock your bags. Can be keyed to match your barrel-style ignition key. Sold in pairs.

Fits most soft-sided leather and vinyl saddlebags. Does not fit FLHRC and FLHRS.

90300003 Keyed To Match.

90300017 Random Key Code.
A. H-D SMART SECURITY SYSTEM – ‘07-LATER MODELS

The H-D® Smart Security System offers automatic self-arming and hands-free disarming for vehicle electronic security functions for your ‘07-later Harley® motorcycle. The Hands-Free Fob communicates directly on its own unique and individualized frequency with the Hands-Free Security Module and Antenna. Attach the Hands-Free Fob to your vehicle ignition key ring. As you upright your vehicle or switch the ignition on, the Hands-Free Fob will communicate the Security System “disarm” command allowing you to start your vehicle. After riding your vehicle, park and switch the ignition off with your key. Within 5 seconds the Security System will automatically self-arm, disabling your vehicle starter, ignition and electronic fuel injection (EFI). The Smart Security System includes: Hands-Free Security Module (Integrated Security Sensor and Turn Signal Module or Body Control Module), 2 Hands-Free Fobs, Antenna Module, Antenna Harness and Antenna Mount (Dyna® models).

Also available:
H-D SMART SECURITY SYSTEM HANDS-FREE FOB
Replacement/Additional Hands-Free Fob.
68926-07
Fits ’07-’16 models (except ’16 CVO™) equipped with H-D Smart Security System. Requires activation. See your Harley-Davidson® dealer.

90300111
Fits ’17-later XL, Dyna®, Softail®, Touring and Trike models equipped with H-D Smart Security System. Does not fit Japan models. Dealer installation required.

90300117
Fits ’17-later XG models equipped with H-D Smart Security System. Requires activation. See your Harley-Davidson dealer.

B. H-D FACTORY SECURITY SYSTEM – ’06-EARLIER MODELS

Equip your ’06-earlier Harley-Davidson VRSC™, Sportster®, Dyna, Softail® or Touring model with the security system designed and approved by The Harley-Davidson Motor Company.

When armed, the Security System disables the starter and ignition while monitoring the electrical system and vehicle motion with adjustable sensitivity. Minor disturbances trigger a momentary warning; major ones, an unbroken thirty-second alarm, after which the Security System returns to monitoring. A distinctive four-way flasher pattern is the alarm signal. An optional self-powered Smart Siren Kit adds a piercing scream that sounds even if the battery cable is cut.

The Security System is armed and disarmed with a remote control waterproof key fob utilizing state-of-the-art rolling code technology. If the key fob is not available, the rider may arm or disarm the system by keying a previously entered personal code on the turn signal switches. Kit includes 1 Key Fob.

Also available:
REPLACEMENT/ADDITIONAL REMOTE CONTROL WATERPROOF KEY FOB
68926-00
Fits ’00-’06 models equipped with H-D Factory Security System, North America. Requires activation. See your Harley-Davidson dealer.

68927-00
Fits ’00-’06 models equipped with H-D Factory Security System, International (except Japan). Requires activation. See your Harley-Davidson dealer.

Also available:
LITHIUM REPLACEMENT BATTERY – 3 VOLT
Long-lasting, replaceable lithium coin-type battery for use in LED Temperature Dipsticks with Lighted LED Readout, Digital Touring Suspension Air Pump P/N 54000033 and Security Hands-Free Key Fob.
66000107
CR2032 3v Lithium Replacement Battery.
If your bike is equipped with an Original Equipment or accessory H-D® Smart Security System, this Smart Siren provides added security and convenience in one. The Harley-Davidson® Smart Siren II combines the functionality of the smart siren and pager transmitter into one easy-to-install unit. Featuring a built-in back-up power supply, the siren and transmitter functions will continue to operate even if the wires are cut or the vehicle battery is disconnected. When combined with the Pager Receiver II (sold separately), the integrated FM transmitter can warn of tampering up to 1/2 mile away. Smart Siren II features an enhanced sound chamber, a redesigned internal battery access cover, and ultra low power consumption during the standby mode. When activated, the Security System Fob arm and disarm commands are confirmed with a blink feature and '07-later models can be programmed to emit a chirp. Smart Siren II is certified for use in North America.

Also available:
SMART SIREN BATTERY REPLACEMENT KIT (not shown)
Replacement Battery Kit for Harley-Davidson Factory Security System Smart Siren includes replacement nickel metal hydride battery and instructions.

69309-10

*P/N 88115-03 Bank Angle Switch Kit (sold separately) or Security System P/N 68200-00D or 68200-07A are required for use on 2000-2013 FL Touring models equipped with a TLE/Ultimate Sidecar.

**Pager function requires Remote Pager Receiver II P/N 91660-06 or 91672-07 (sold separately).

***’17-later XG models require separate purchase of siren mounting bracket P/N 69201473.
A. INTEGRATED SECURITY & LOCKING FLIP FOB
This hands-free fob automatically arms and disarms its electronic security functions as you approach and walk away from the bike. Keyed to match all your bike’s locks, the combination fob with fold-away retractable barrel key lets you save room on your key ring and let one device do all the work.

90300118
Fits ’17-later Dyna®, Softail®, Touring and Trike models equipped with H-D® Smart Security System. Fits models equipped with H-D Smart Security 41000087C or 41000021D. Does not fit Japan models. Key code required when ordering. Dealer installation required.

B. KEYED-TO-MATCH INDIVIDUAL REPLACEMENT LOCK PROGRAM
In the past, replacing a lock required the time and expense of re-keying a new lock or replacing all of the locks on your bike. Our Keyed-to-Match Program eliminates that hassle and allows you to order an exact replacement based on your lock’s key code, right down to the quality you would expect from a stock Harley-Davidson® lock. Just ask your Dealer to refer to Bulletin Number 658B and they’ll take care of your needs – lock, stock and barrel.

C. KEYED-TO-MATCH CUSTOM KEYS
Custom keys make a statement. Keys can be ordered through your Harley-Davidson Dealer and will be keyed to match your ignition and fork lock and are delivered in a leatherette gift box.

1. Commemorative CVO™ Ignition Key
Hand-polished brass key features a prismatic Bar & Shield logo set in a black field surrounded by “Custom Vehicle Operations” script. Available to CVO™ vehicle owners only.

71031-04  Barrel Style.
Fits ’91-later models with barrel style key.

2. Skull Ignition Keys
Key features the Harley-Davidson Skull logo in bright nickel with black accents.

71040-04  Barrel Style.
Fits ’91-later models with barrel style key.
HARLEY-DAVIDSON® SECURITY SYSTEM

PAGER RECEIVER II
Designed to complement the Smart Siren II, this Pager Receiver can be linked to the vehicle with no additional installation. The Pager Receiver II monitors the Security System operation, and features multi-color LED indicators to display unique codes for arming, disarming and trigger modes. The Range Confirmation Signal (RCS) confirms and displays the signal reception. High-efficiency FM circuitry provides excellent reception, even in buildings and parking garages. Maximum effective range is up to 1/2 mile. The Pager Receiver II features selectable vibration or audible modes. The silent paging mode feature allows selectable programming trigger modes to avoid activating the siren.

D. PAGER RECEIVER II – BATTERY POWERED
The convenient built-in ultra-bright white LED flashlight helps light the way. The compact, lightweight receiver can be carried in your pocket, or the receiver holster can be clipped to a belt up to 1-3/4 inches wide. Kit includes receiver, holster, and one 3V lithium battery. Operates in conjunction with the Security System Fob and Smart Siren II.

91660-06
Fits all models equipped with the Harley-Davidson® Security System Smart Siren II. Certified for use in North America.

E. PAGER RECEIVER II – RECHARGEABLE
The compact, lightweight receiver can be carried in your pocket or clipped to a belt. Kit includes receiver and UL-listed battery charger (AC-DC with Output of DC 4.5V 50mA for North America). Operates in conjunction with the Security System Fob and Smart Siren II.

91672-07
Fits all models equipped with the Harley-Davidson Security System Smart Siren II. Certified for use in North America.

F. BIKER’S COMPACT FIRST AID KIT
Keep this simple first aid kit with you wherever you go. The compact 9.0” x 4.0” x 2.0” zippered nylon case is small enough to fit inside all Harley-Davidson windshield bags, and contains: burn cream packets, hand sanitizer packets, antibiotic packets, eyewash, gauze pads, plastic and flexi strips, gauze, waterproof tape, latex-free gloves, cleansing towelettes, insect sting pads, scissors, tweezer/magnifier, survival wrap, and an English-language quick first aid guide. Intended for U.S. market.

93511-10
MORE THAN AN OIL CHANGE

Maintaining your Harley® motorcycle can be almost as enjoyable as riding it. The hours spent in the driveway inspecting every part and every surface keeps you in touch with the bike. But when it comes to major service, remember that your Harley-Davidson® dealership’s technicians are specially trained to properly diagnose and maintain your bike. Whether it’s your first 1,000-mile checkup or a 20,000-mile service, a Harley-Davidson dealership should be your destination.

THE WELL-EQUIPPED GARAGE

Adventure comes at a price. As mileage adds up, moisture, dust and road debris can take their toll on the bike’s wear-prone surfaces. But, if you have the right tools for fighting through miles and miles of the highway’s abuse, you’ll be more than ready to keep your bike in top running condition.

MAINTENANCE
Keeping your bike road-ready takes a special touch. Topping off the fluids, checking the tire pressure, and keeping the battery fully charged are no problem when you have the right Harley-Davidson maintenance tools in your garage.

TOOLS
Every bit as rugged as our motorcycles, Harley-Davidson tools and tool kits boast a compact, lightweight design developed specifically for use on your Harley.

FLUIDS
Whether it’s oil, brake fluid or Screamin’ Eagle® SYN3® Synthetic Motorcycle Lubricant, all Harley-Davidson fluids are developed exclusively for use in Harley-Davidson motorcycles, making them a must-have in your garage.

FILTERS
Don’t overlook the essentials. Harley-Davidson air and oil filters keep debris out of your engine to help keep it healthy. So replace them routinely and insist on using only the Genuine article.

BATTERIES
Genuine H-D® Batteries are engineered for the harsh motorcycle environment, and feature AGM technology for higher cold cranking amps, longer life and improved rechargeability.

TIRES
Harley-Davidson co-branded Dunlop® and Michelin® tires are ready to go the distance. Extensively tested in real-world conditions, our recommended tires are engineered for long life, comfortable ride and competent handling.
A. LOW PROFILE OIL DRAIN PAN
Reduce the mess and cleanup required when changing the fluids on your motorcycle. This reusable Drain Pan is designed specifically for use with Harley-Davidson® motorcycles. The low-profile design fits easily under standard height and lowered motorcycles, and slips beneath the bike even when on the side stand. The 10-quart capacity pan will capture 2 engine oil changes, or the complete drain fluids (engine oil, primary and transmission) from one motorcycle. The Drain Pan is large enough to catch the oil from the entire length of the primary, and is sized to hold and drain an inverted primary cover. The Drain Pan features a raised hardware corral, a filter drain surface, and a pressure vent hole to prevent messy oil burping. The drained waste oil is sealed safely inside the pan with high-quality gasketed caps and plugs. Convenient carrying handle simplifies transport to an approved waste oil facility. 63795-10 10-Quart Capacity.
A. OIL CATCHER DRAIN OIL FUNNEL
Reduce oil drips when removing the oil filter. The Oil Catcher Funnel slips below the filter, and provides access to spin the filter off its mount. Oil is captured in the funnel, and is siphoned into a bottle or catch basin through the drain tube. Smooth orange plastic surface is easy to clean after use.

63794-10

62700199
Fits ’17-later Milwaukee-Eight™ engine equipped models.

B. PRIMARY OIL FILL FUNNEL
This reusable funnel makes it easy to add oil to your primary cavity. The funnel simply snaps into the derby cover opening to permit hands-free filling on the specified models. The convenient tab allows you to place the funnel in position with one hand, and the flat cone shape makes it easy to fill a tight area with no mess or spills. Smooth orange plastic surface is easy to clean after use.

63797-10
Fits ’06-later Dyna, and ’07-later Softail®, Touring and Trike models.

62700015
Fits ’84-’00 Evolution® 1340-equipped models, ’99-’05 Dyna, ’00-’06 Softail and ’99-’06 Touring Twin Cam-equipped models.

C. TRANSMISSION/CRANKCASE FILL FUNNEL
Fill your transmission and crankcase without the mess. This funnel is shaped to fit into tight spaces, and is designed to reach even the toughest access points. The anti-burp design ensures smooth oil flow, and the smooth orange plastic surface is easy to clean after use.

63799-10
D. ROAD FUNNEL
This disposable folding funnel can be taken on the road and used for those times you need to replenish your bike’s fluids. The funnel fits easily into your luggage, does not take up valuable storage space, and can be thrown away after use. Convenient tear-off 3-pack means you will always be prepared.

E. OIL FILTER WRENCH – END CAP STYLE
Simplify oil filter removal and installation with this convenient End Cap Style Filter Wrench. The wrench grips the filter without crushing the canister, and allows the spin-on filter to be turned with a 3/8” drive socket wrench.

F. OIL FILTER REMOVAL WRENCH
This slip-resistant wrench, featuring a stainless steel band, is designed to make the removal of your oil filter much easier.
A. TIRE PRESSURE GAUGE AND FILL VALVE
Simplify checking the air pressure level and filling the tires on your motorcycle. This Tire Pressure Gauge features an 18" flexible hose and 2-way air chuck with both a 45° fill port and a unique side fill port that provides easy straight-in access to hard-to-reach motorcycle valve stems. The dual-range instant-read gauge measures pressures from 0-60 psi and 0-400 kPa, and is protected from impact and abrasion by a thick rubber collar. Designed to fit an air compressor with a standard 1/4" quick-disconnect coupler, this gauge allows you to check the pressure and fill the tire without removing the chuck from the tire. Just apply the chuck to the valve stem, read the pressure, and add air by depressing the comfortable trigger lever. And for checking tire pressure on the road, you can use this tool like any standard tire gauge.

B. COMPACT AIR COMPRESSOR WITH LIGHT
Correct tire pressure is crucial to safe operation and long tire life, but checking the pressure, finding a gas station with a working air pump, and filling the tire is a chore that many of us ignore. The Compact Air Compressor is designed to simplify this necessary procedure. The compact, lightweight 12V pump is designed for life on the road. The all-in-one pump plugs into your bike’s battery charging harness, and features a built-in 0-160 psi pressure gauge and bright LED work light. The 11" air hose and 6’ fuse-protected power cord easily reach the front and rear wheels, and are stored in convenient compartments when not in use. The lightweight pump features durable, impact-resistant construction, and is small enough to fit easily in a saddlebag or strap-on luggage. Kit includes pump, valve stem extension, and nylon carrying bag.

C. VALVE STEM EXTENSION
Sometimes there’s just not enough space around the tire’s valve stem for the gas station air chuck and hose to reach. Brake rotors, sprockets and saddlebags get in the way and keep the air chuck from making an airtight seal. When that happens, this Valve Stem Extension provides easy access. Simply screw the extension in place on the stem, fill the tire to the proper pressure, remove the extension, and replace the valve stem cap. Then toss the extension in your saddlebag or tool roll for the next time.
D. COMPACT TIRE GAUGE AND TREAD DEPTH INDICATOR
Combination dial air pressure and tread depth gauge provides easy access to the valve stem. A durable internal diaphragm provides accurate air pressure readings with a dual range indicator for 0-60 psi and 0-400 kPa readings. The pressure relief valve is activated by a push button to eliminate inner gauge air pressure after use. The integrated tire tread depth gauge features a dual-range color-coded indicator, calibrated in 1/32" (0-14/32") and millimeters (0-11mm), for monitoring tread wear. A protective rubber boot covers the housing to protect the gauge from impact and abrasion.
75008-02A  Compact.
75137-98B  Compact with braided stainless steel lead.

E. DIGITAL TIRE PRESSURE GAUGE
Back-lit Digital Tire Pressure Gauge is easy to read at any time of day. Providing accurate pressure readings in 0.50 psi increments up to 60 psi. Scale can be changed to read psi, bar, Kg or kPa pressure with the touch of a button. This versatile gauge features a 12" braided line and 90 degree angle chuck for easy access to valve stems, and a tough rubber jacket to protect the gauge from damage. Batteries are included.
75158-10

F. TIRE GAUGE AND TREAD DEPTH INDICATOR WITH EMBOSSED LEATHER POUCH
Chrome-plated steel gauge housing with Harley-Davidson script and 90 degree air chuck. Dual range indicator for air pressure and tire tread depth readings. Calibrated for 10-50psi and 0-32/32" tread depth readings. Rotate the indicator shaft 90 degrees in the housing for 70-345 kPa and 0-30mm tread depth readings. Complete with a Bar & Shield logo embossed leather pouch.
75110-98B

G. DIGITAL TOURING SUSPENSION AIR PUMP
Adjust air pressure in your Touring shocks anywhere on the road. This easy-to-adjust Digital Air Pump has a digital display for checking and altering pressure in the rear air shocks on all Touring motorcycles. Gauge can also be used to measure air pressure in your tires. Features “micro bleed” valve that allows precise adjustment of air pressure, and the “no loss” air connector maintains shock pressure when the fitting is removed. Display units can easily be changed between PSI and KPa. The LCD readout operates on a long-lasting, replaceable lithium coin-type battery (CR2032 3V, P/N 66000107).
54000033
For use with Touring air suspension components.
HARLEY-DAVIDSON® BATTERY TENDERS AND CHARGERS

Extend the life of your motorcycle battery with an easy-to-use Battery Charger or Battery Tender. Designed to maintain full charge during storage or between rides, all Harley-Davidson® Battery Chargers include quick-disconnect harnesses for simple plug-in connection.

A. 750mA SUPERSMART® BATTERY TENDER
Typical Recharge Time: 8-12 hours
This compact Battery Tender is superior to a traditional auto-parts store “trickle charger”. The built-in “smart” circuitry cycles the charger to turn itself on and off as needed, so your battery never overcharges. Accepts North American voltage (120V), supplied with 2-prong un-polarized plug. Output is 12 VDC @ 750mA. Charger output lead is equipped with quick-disconnect black connectors. Kit includes a quick-disconnect 7.5 Amp fused Battery Charging Harness with ring terminals that can attach to the battery screw terminals for easy connection, and a 7.5 Amp fused alligator clip charging harness. 5-year manufacturer’s warranty.

For 12-volt batteries. Accepts North American Voltage (120V).

66000038 United States, Canada, Mexico and South America (except Argentina).

B. 800mA WATERPROOF BATTERY TENDER
Typical Recharge Time: 8-12 hours
This waterproof, fully-automatic charger is ideal for both short term and seasonal storage, even if moisture sneaks into your storage area. The three-step charging system constantly monitors battery voltage to bring the battery up to full charge and switches to float mode to maintain the charge over extended periods of time. The vibration- and shock-resistant Battery Tender is reverse polarity protected and spark proof, even when the leads touch. The Tender features a front panel LED that indicates the battery’s state of charge. Maximum charge rate of 800mA. Kit includes a quick-disconnect 7.5 Amp fused Battery Charging Harness with ring terminals that can attach to the battery screw terminals for easy connection, and a 7.5 Amp fused alligator clip charging harness. 3-year manufacturer’s warranty.

For 12-volt batteries. See matrix for specific voltage allowance.

66000004 United States, Canada, Mexico and South America (except Argentina).

99814-09 Europe.
99816-09 United Kingdom.
99819-09 Australia.
99820-09 Japan.

C. 1.25 AMP WEATHER-RESISTANT BATTERY CHARGER

Typical recharge time: 4-8 hours.

Properly charge and maintain all H-D® 12-volt batteries. The advanced solid-state circuitry constantly monitors the battery’s charge, and manages the voltage without overcharging. The charger automatically switches to float mode and adjusts the charge rate up or down to keep the battery properly maintained for extended periods of time. The weather resistant construction provides peace of mind in case of exposure to moisture during charging. Maximum charge rate of 1.25 Amperes. Kit includes a quick-disconnect 7.5 Amp fused Battery Charging Harness with ring terminals that can attach to the battery screw terminals for easy connection, and a 7.5 Amp fused alligator clip charging harness. 2-year manufacturer’s warranty.

For 12-volt batteries. See matrix for specific voltage allowance.

66000033 United States, Canada, Mexico and South America (except Argentina).

66000034 Japan.

D. 5 AMP WEATHER-RESISTANT BATTERY CHARGER

Typical recharge time: 1-2 hours.

Professional charging performance in a compact package. With a typical recharge time of 1 to 2 hours, this charger features advanced solid-state circuitry that constantly monitors the battery’s charge and maintains the voltage without overcharging. The charger automatically switches to float mode and adjusts the charge rate up or down to keep the battery properly maintained for extended periods of time. The weather resistant construction provides peace of mind in case of exposure to moisture during charging. Maximum output charge rate is 5.0 Amperes and is compatible with 2-pin or 3-pin charging harnesses. Includes a specific power cord to accommodate regional variations in worldwide AC power configurations. Charger features output leads equipped with 2-pin quick-disconnect that is compatible with the 7.5 Amp fused alligator clip charging harness and the Battery Charging Harness with ring terminals (included). 2-year manufacturer’s warranty.

For 12-volt batteries.

66000041 United States, Canada, Mexico and South America (except Argentina).

66000042 Europe.

66000043 United Kingdom.

66000044 Australia.

66000046 Japan.

E. 1.25 AMP BATTERY CHARGING STATION

Typical recharge time: 4-8 hours.

Keep all your bikes fully charged and ready to ride. Harley-Davidson® Battery Charger Stations are designed to fully charge and maintain lead-acid motorcycle batteries, maintaining them at proper voltage. The 4-step SuperSmart® charging process (Initialization, Bulk, Absorption, Float) helps to prevent sulfation and reduces the effects of overcharging. Status indicator lights allow you to monitor the charging state of each connected battery. The Charging Station accepts worldwide voltage 100 to 240 VAC @ 50 to 60 Hz. Maximum charge rate of 1.25 Amperes.

The charger is spark proof and reverse polarity protected, and features short-circuit protection to prevent damage from incorrect terminal connections. The durable, light-weight Charging Station is portable, but can be wall-mounted for added convenience. Kit includes quick-disconnect 7.5 Amp fused Battery Charging Harness with ring terminals and 7.5 Amp fused alligator clip charging harness for each battery output. 2-year manufacturer’s warranty.

For 12-volt batteries.

1. 99829-09 2 Bank, Charging Station.

2. 99847-09 4 Bank, Charging Station.
A. BATTERY CHARGING HARNESS WITH LED CHARGE INDICATOR
A well-maintained battery can last 5+ years. This Battery Charging Harness simplifies charging the battery, and features an integrated LED indicator light that illuminates when your battery voltage drops to a level that requires charging. Just attach the ring terminals to your battery and route the harness for easy access to the plug connector. When the LED glows, it’s time to connect the bike to a Harley-Davidson® Battery Tender. Compatible with all Harley-Davidson Battery Chargers, the harness features in-line 7.5 Amp fuse protection, and the plug connector is protected with a weather-shield cap when not in use.

B. BATTERY CHARGING HARNESS
Heavy-duty Battery Charging Harness with ring terminals and in-line 7.5 Amp fuse protection for attachment to a Harley-Davidson 12-volt battery. The wiring harness utilizes a plug connector that is compatible with all Harley-Davidson Battery Chargers equipped with black connectors. The ring terminals are attached to the battery with the harness routed to allow access for the plug connector attachment to a H-D® Battery Charger. The harness plug connector is protected with an attached weather-shield cap when not in use.

C. BATTERY CHARGING EXTENSION LEAD
Is your motorcycle parking spot too far from your garage electrical outlet? Extend the reach of your Harley-Davidson Battery Charger with these convenient Extension Leads. Low-loss leads feature the same quick-disconnect 2-prong plugs as found on the charger unit and the available charging harnesses. For use with most Harley-Davidson Battery Chargers.

D. RECHARGEABLE LED CIGARETTE LIGHTER FLASHLIGHT
Now you don’t need batteries to see the light. Always charged and at your fingertips, the Cigarette Lighter Flashlight fits into any Harley-Davidson “cigarette lighter” style power outlet or 12-volt power supply. Powerful LED 15 Lumen lamp projects a brilliant pool of blue-white light that illuminates your work area and grabs attention in the dark. Light features safety strobe setting to ensure that you are seen from a distance.

E. TACTICAL LED FLASHLIGHT WITH SAFETY STROBE
The Tactical LED Flashlight with Safety Strobe won’t leave you in the dark. The compact flashlight features 3 settings – high, low and strobe – plus an adjustable lens to focus the light from a narrow beam to a wide flood of light. Powered by standard AAA batteries, the flashlight’s high beam reaches 140 yards (at 100 lumens), and the power-conserving low beam will last 50 continuous hours. The safety strobe will ensure that you are seen from a distance. Simple push-button operation changes modes quickly.

F. LED PENLIGHT
This durable compact LED Penlight features brilliant long-life LED lamps and a removable fiber optic pointer to help focus light into tight spaces. Powered by 2 standard AAA batteries, the LED Penlight produces 15 lumens of clean blue/white light, and will operate for up to 10 hours.
G. HARLEY-DAVIDSON® PREMIUM TOOL KIT
This Premium Harley-Davidson® branded Tool Kit features all the tools you need for common maintenance on your motorcycle. The heavy-duty tools are conveniently secured in a hinged carrying case, and lock in place for simple organization. Tools feature large, easy-to-read size indicators, and are stamped with the classic Harley-Davidson script. Lifetime warranty.

64-Piece Kit includes:
1 – Quick-Release Ratchet (3/8" Drive)
1 – 3" Extension (3/8" Drive)
1 – 6" Extension (3/8" Drive)
1 – Universal Joint (3/8" Drive)
11 – SAE Deep Sockets 3/8" – 1" (3/8" Drive)
8 – Metric Deep Sockets 10mm – 17mm (3/8" Drive)
1 – Spark Plug Socket 5/8" (3/8" Drive)
6 – Hex Sockets 1/8" – 3/8" (3/8" Drive)
6 – Torx® Sockets T25-T50 (3/8" Drive)
2 – Spinner Handle (1/4" Drive) with Adaptor
6 – Bits (Slotted, Phillips, Torx)
9 – SAE Combination Wrenches 1/4" – 3/4"
8 – Metric Combination Wrenches 8mm – 17mm
1 – Diagonal Pliers – 7"
1 – Slip Joint Pliers – 8"
1 – Needle Nose Pliers – 8"
14900033

H. HARLEY-DAVIDSON/SNAP-ON® TOOL KITS
These tool kits were developed specifically for Harley-Davidson by Snap-on® to perform the most functions with the least amount of tools and weight. Provides all the right tools, without compromising quality or damaging your motorcycle’s hardware. Lifetime warranty.

H-D®/Snap-on Compact Tool Kit
Designed to provide the most tools in the least amount of space, this tool kit rolls into a compact pouch for easy transport.
94684-00A
For use with ‘00-later models (except VRSC™, XG and FXR4).

H-D/Snap-on Softail® Tool Kit
Tailored to the Softail® motorcycle, this high-quality tool kit is compact to take anywhere, and shaped to fit Softail models equipped with teardrop-shaped tool box.
94668-00
For use with ‘00-later Softail models.

I. HARLEY-DAVIDSON TOOL KIT
This is the ideal carry-along tool kit for your Harley-Davidson motorcycle. The kit was developed to perform most service functions and weigh as little as possible to keep your load light.
94819-02
For use with ’86-later XL, XR and ’99-later Dyna, Softail, Touring and Trike models.

J. TOOL KIT FOR VRSC™ MODELS
Designed specifically for the V-Rod® motorcycle, this is the ideal carry-along tool kit for your VRSC™ model. The kit includes the metric tools required to perform most service functions with the least amount of carrying weight.
94820-02
For use with ’02-later VRSC models.
A. ALL-IN-ONE FOLDING TOOL
This kit is the ideal traveling companion. Standard on the Ultra Classic® and Limited Electra Glide® model, this compact folding tool is equipped to perform the basic “on-the-road” service functions on most late-model Harley-Davidson® motorcycles. Large comfortable handle with a soft grip adds leverage, and holds the foldaway tools. Tool selection: Torx® bits – T27, T40; Hex Bits – 3/32", 1/4", 3/8"; Screwdriver Bits – Phillips, slotted; Open end wrenches (2) – 9/16", 1/2", 10mm. Kit includes nylon pouch with hook-and-loop closure and Bar & Shield logo. 94435-10
Fits ’02-later models (except VRSC™).

B. 8-IN-1 SCREWDRIVER
Ideal tool for most of the screws on H-D® products. The unique 8-in-1 design conveniently stores all fittings within handle. Included are #40, 30, 27, and 25 Torx, #2 and 3 Phillips and 2 slotted driver bits. Quality engineered by Snap-on with lifetime guarantee against breakage. 94669-00

C. COMBINATION AXLE WRENCH
Individual combination front and rear axle wrenches available for your model.
1. 94695-08 .75" & 36mm. Fits ’02-’07 Touring models.
2. 94697-08 .9375" & 36mm. Fits ’08-later Dyna®, Softail® and Touring models.

D. SHOCK ADJUSTMENT SPANNER
The Universal Spanner is small enough to carry in a H-D Tool Kit, and is designed to adjust the spring load on all mechanically adjustable H-D rear shock absorbers. 94448-82B
For use on models with mechanically adjustable H-D rear shock absorbers. Does not fit XG, XR, ’16-later XL, XL models equipped with Premium Emulsion Shocks P/N 54000076, 54000077 or Dyna models with Premium Emulsion Shocks P/N 54000066.

E. BELT TENSION TESTER TOOL
Use to check tension on secondary belt. 40006-85 Universal.

F. STAINLESS STEEL TRAYS WITH MAGNETIC BASE
Convenient storage tray with a magnetic base secures small metallic parts during maintenance. Use it horizontally, vertically or upside down. The magnetic base is covered with a protective coating to prevent damage to surface finishes. 94793-01 6" Diameter.

G. ENGINE ASSEMBLY/DISPLAY STAND
This dual purpose engine stand provides support to the Twin Cam Alpha (Dyna®/Touring) crankcase during engine teardown and assembly, and also provides a means to display the completed engine. Heavy-duty steel stand can be used free-standing on its non-marking rubber feet, or bolted to the bench for added stability. Stand features a laser-cut Bar & Shield logo. 94845-10 For use with Twin Cam Dyna, Touring and Trike engines.
ENGINE OIL FAQ’S

How often should I change my motorcycle engine oil?

You should change your motorcycle engine oil and engine oil filter at the first 1,000-mile service interval and at every 5,000-mile service interval thereafter. If you ride your motorcycle hard, under dusty conditions, or in cold weather, the engine oil and filter should be changed more often. You should always change your engine oil and filter prior to winter storage (or any extended storage) so that your engine oil is clean and free of contaminants during this time period.

Can I go longer between oil changes by changing the filter?

NO! The job of the oil filter is to remove dust, soot and other solid matter. Filters cannot remove water, gasoline or acids and cannot do the job of oil additives that have been used up. You should change your oil filter at the first 1,000-mile service interval and at every 5,000-mile service interval thereafter or prior to winter or extended storage periods.

What viscosity grade should I use in my Harley Motorcycle?

The recommended viscosity grade for all temperature conditions is SAE 20W50 Harley-Davidson® Motor Oil. The SAE 50 H-D® Motorcycle Oil is satisfactory in ambient temperatures of 60-80°F, and the SAE 60 H-D Motorcycle Oil in ambient temperatures above 80°F. SAE 20W50 covers the broadest range of operating temperatures.

SYN® ENGINE, PRIMARY AND TRANSMISSION OIL FAQ’S

What are the key benefits to using SYN® Motorcycle Lubricant?

• SYN® Lubricant offers improved film strength for superior wear protection at high temperatures, and improved deposit control for a cleaner engine, transmission, and primary chaincase.
• SYN3 Lubricant can be used in the engine, primary chaincase, and transmission.
• SYN3 Lubricant is formulated for reduced oil consumption, improved wear protection, high-temperature stability, and superior overall field performance.

What’s the difference between synthetic and petroleum-based lubricants?

Both synthetic and petroleum-based lubricants are derived from the same crude oils. But that’s pretty much where the similarities end. Unlike their petroleum-based counterparts, which inherit physical components (including contaminants) of the source crude oil in the refining process, synthetic lubricants are manufactured from basestocks that are custom-designed from scratch to have desired properties for specific purposes, meaning that engineers have complete control of the lubricant from start to finish – at the molecular level.

What does SYN3 full Synthetic Motorcycle Lubricant do for my drivetrain?

SYN3 Full Synthetic Motorcycle Lubricant offers the following benefits:
• Offers superior wear protection at higher temperatures
• Keeps engines, transmissions and primary chaincases cleaner
• Meets the anti-wear lubricity requirements of all transmission gears
• Lubricates all primary chaincase components
• Delivers smooth, sure clutch operation
• Provides long-term protection of all internal components
• Improves seal and gasket performance
• Offers superior performance in high-output engines

SCREAMIN’ EAGLE® SYN3® FULL SYNTHETIC MOTORCYCLE LUBRICANT

TESTED-CERTIFIED for use in Harley-Davidson® engine, primary chaincase and transmission applications. Screamin’ Eagle® SYN3® Full Synthetic Lubricant makes changing and topping off fluids a simple, one-product process. Developed with a proprietary three synthetic basestock formula, Screamin’ Eagle® SYN3 Lubricant is formulated to provide for long-term protection and engine cleanliness requirements, and to provide superior high-temperature protection for high-output engines. SYN3 Lubricant is formulated to maintain the coefficient of friction for proper clutch operation and to provide the proper lubrication to the primary chain drive. In addition, SYN3 Lubricant is designed to provide the correct lubricity for the anti-wear requirements of transmission gears and for improved seal protection. This formula is approved by Harley-Davidson® for use in all stages of engine life and is not detrimental to the break-in stage of engines.

Formulated for use in Harley-Davidson Engines, transmissions and the following primary chaincase applications: ‘74-later XL, ‘83-’84 XR1000, ‘08-’13 XR and ‘84-later FX, FXR, Dyna®, Softail®, Touring, and Trike models with wet-type diaphragm spring clutch.

A. GENUINE HARLEY-DAVIDSON® H-D® 360 MOTORCYCLE OIL

Genuine Harley-Davidson® H-D® 360 Motorcycle Oil is developed and tested for use in Harley-Davidson motorcycles. Our unique additive package helps prevent engine wear and helps keep your engine cooler, cleaner, and free of sludge, varnish and corrosion.

Harley-Davidson air-cooled V-Twin motorcycles operate at higher temperatures than water-cooled engines, thus a specific high temperature additive package is necessary to protect the engine. Be assured, H-D 360 Oil can be trusted in a Harley-Davidson engine.

Available in SAE 20W50, SAE 50, and SAE 60. Refer to your Harley-Davidson owner’s manual for the proper SAE grade recommendation based on the climate and temperature range you ride in.

B. FORMULA+ TRANSMISSION AND PRIMARY CHAINCASE LUBRICANT

Developed with a proprietary mineral basestock formula and TESTED-CERTIFIED by Harley-Davidson Motor Company, Formula+ is blended to provide lubricity for the anti-wear requirements of transmission gears. Formulated to maintain the coefficient of friction for proper clutch operation and provide adequate lubrication to the primary chain, this lubricant is approved for use in all stages of transmission and primary chaincase life. Not for use in the crankcase as a motor oil.

TESTED-CERTIFIED Extended Service intervals:

Primary Chaincase
'84-later Big Twin models with wet-type diaphragm spring clutch. Every 10,000 miles, or prior to winter or extended storage periods.

Transmission
All Big Twin models. Every 20,000 miles, or prior to winter or extended storage periods.

Primary/Transmission
'71-later XL and '83–'84 XR1000 models. Every 10,000 miles, or prior to winter or extended storage periods.

Formulated for use in Harley-Davidson Transmissions and the following Primary Chaincase applications: '71-later XL, '83–'84 XR1000, '08–'13 XR, and '84-later FX, FXR, Dyna®, Softail®, Touring and Trike models with wet type diaphragm spring clutch. Not for use in '02-later VRSC™ or '15-later XG models.

62600004 1 Quart – U.S.
62600010 1 Liter – Canada.
62600019 1 Liter – Europe.
62600033 1 Quart – Asia/Pacific.

A. H-D ETHANOL GUARD FUEL STABILIZER
Ideal for winter storage and year-round use, this premium Fuel Stabilizer keeps fuel fresh for up to 12 months. Blended with corrosion inhibitors, this Fuel Stabilizer is formulated to protect fuel tanks, fuel lines, carburetors and injectors from long-term exposure to the adverse affects of ethanol-blended fuel. It fights deposits that can accumulate as a result of ethanol-produced solvents, and acts as a demulsifier to eliminate condensation in your fuel system. 4 ounces treats 10 gallons of fuel.

B. SCREAMIN’ EAGLE® ASSEMBLY LUBE
Screamin’ Eagle® Assembly Lube provides superior protection during installation or servicing of internal engine components. Formulated with a high tackifier, this lubricant clings to parts and provides excellent start-up and break-in protection. It provides excellent corrosion resistance, and it won’t drip off like common oil when you set coated parts aside to work on the rest of the engine. That’s why we use it on all of our test engines. Don’t start your re-built or serviced engine without it. Recommended applications: cams, gears, cam pins, piston wrist pins, oil pumps, valve guides, rocker arm and push rod tips, and roller tappet wheels. In addition, this product replaces H-D® Poly Oil and is recommended for the engine compensator sprocket on primary belt drive models.

C. HARLEY® AEROSOL LUBE
Harley® Aerosol Lube is a Harley-Davidson approved general lubrication oil that is perfect for lubricating clutch cables, Tour-Pak® hinges, hand levers, footboards, footpegs, and windshield clamps. Aerosol container provides fast delivery of lubricant, and reduces cable lubrication time by 50%.

D. HARLEY LUBE
Harley Lube is a Harley-Davidson approved general lubrication oil that is perfect for lubricating clutch cables, Tour-Pak® hinges, hand levers, footboards, footpegs, and windshield clamps. Handy needle dispenser for precision application.

E. H-D SPECIAL PURPOSE GREASE
Factory approved steering head bearing lubricant for ‘02-later VRSC™, ‘15-later XG, ‘05-later XL and XR and ‘97-later Dyna®, Softail® (except Springer™), Touring and Trike models. Do not use on wheel bearings.

F. H-D WHEEL BEARING GREASE
Recommended for wheel bearings and rear swingarm bearings.
G. **H-D FORK SEAL GREASE**
- Required for service of fork seals.
- **11300005**
- 1 oz (28 g) Tube.

H. **H-D ELECTRICAL CONTACT LUBRICANT**
- Ideal for use on multi-pin connectors, bulb bases, and battery terminals, this specially formulated Electrical Contact Lubricant offers excellent film strength that is resistant to water (including salt water). Prevents fretting corrosion in connectors that often occurs with temperature variations and vibration. Safe for use on tin, nickel, copper, brass, gold and silver contacts, and the formula is compatible with electrical connector plastics and elastomers.
- **11300004**
- 1 oz (28 g) Tube.

I. **H-D HIGH PERFORMANCE CHAIN LUBE PLUS**
- High Performance Chain Lube cleans as it protects. Can also be used on O-ring chains.
- **93600005**
- 12 oz (340 g) Aerosol Can.

J. **H-D HIGH-PERFORMANCE SEALANT – GRAY**
- High-performance, room temperature vulcanized (RTV) silicone type liquid gasket is a low-odor, non-corrosive and non-conductive sensor-safe formula. Sealant allows high elongation when cured to absorb thermal and dynamic movement of the mating surfaces and is resistant to most chemicals and solvents. Temperature Range: -76°F to 482°F (-60°C to 250°C).
- **99650-02**
- 1.9 oz (54 g) Tube.
- Approved for use as crankcase sealant on all Harley-Davidson® powertrains (except Milwaukee-Eight™).

K. **HYLOMAR® GASKET AND THREAD SEALANT**
- Recommended for holding gaskets in place during engine assembly.
- **99653-85**
- 3.5 oz Tube.

L. **ANTI-SEIZE LUBRICANT**
- An improved formulation to meet revision E of MIL-A-907E. It is a heavy-duty, high temperature anti-seize thread compound. It resists galling, corrosion and reduces wear in heavy pressure applications. This lubricant is based on a synthetic grease formulation containing graphite, aluminum, and copper and is sensor safe. It will not evaporate or harden when exposed to extreme heat or cold. Meets 1600°F temperature requirements.
- **98960-97**
- 1 oz Tube.
**K&N® AIR FILTER CARE PRODUCTS**

Clean and restore the original performance of K&N® air filter elements. The washable and rechargeable filters use a special coating to help filter fine particles from the incoming air. With time, the oil in the filter will dissipate and the element will begin to turn gray. Clean the surface and renew the original red color with an application of K&N Air Filter Care products.

**A. K&N AIR FILTER CARE SERVICE KIT**
99850-92T
Complete kit to clean and re-oil K&N-type air filters. Includes one 12 oz bottle Air Filter Cleaner and one aerosol Air Filter Oil.

**B. K&N AIR FILTER OIL**
99882-88T
Aerosol. 12 oz Aerosol.

**C. K&N POWER KLEEN AIR FILTER CLEANER**
93600004
32 fl oz with Sprayer. Works well with K&N or dry synthetic Screamin' Eagle® Air Filters.

**D. LOCTITE® PRO STRENGTH PARTS CLEANER**
Loctite® Pro Strength Parts Cleaner aggressively penetrates, dissolves, and removes oil and grease from parts. Dries quickly with no residue. Contains no ozone-depleting chemicals (ODCs).
94564-98
19 oz (538 g) Aerosol Can.

**E. PJ1® SUPER CLEANER**
PJ1® Super Cleaner is a multi-application non-residue degreaser. The high-pressure blast of powerful solvents melts grease and grime away, dries quickly, and leaves no residue.
99878-87TA
13 oz (368 g) Aerosol Can.

**F. DOW CORNING® MOLY 44 BRAKE PIN GREASE**
The same grease applied at the factory to brake pins is now available as a replacement product to be used with all Harley-Davidson® Brake Pins on Floating Calipers (except '04-later XL models).
94674-99
2 cc Packet.

**G. LOCTITE 565 THREAD SEALANT**
Formulated specifically for metal, tapered, pipe thread fittings, PST 565 cures rapidly to provide immediate low pressure sealing. Its controlled lubricity prevents galling, and it protects mated threaded areas from rust and corrosion. 565 can be used on fittings up to 2” (50mm) in diameter and has a temperature range of -65°F to 300°F (-54°C to 149°C). Disassembly possible with hand tools.
99818-97
6 ml Tube.
H. LOCTITE® 271™ THREADLOCKER AND SEALANT – RED
High-prevailing strength threadlocker for heavy-duty applications. Especially well-suited for permanently locking studs and press fit assemblies. Adds 3000 PSI holding power on slip and press fit assemblies. Locks against vibration loosening. Requires extra effort or special tools for removal.
99671-97 Red 6 ml Tube.

I. LOCTITE 222MS™ THREADLOCKER AND SEALANT – PURPLE
A low strength product that is perfect for small fasteners, to 1/4 inch diameter (6mm) and smaller, long engagement length fasteners and components requiring occasional adjustment. This purple threadlocker is applied to threaded parts before assembly. Disassembly possible with hand tools. 222MS meets MIL-S-46163A.
99811-97 Purple 6 ml Tube.

J. LOCTITE 243™ THREADLOCKER AND SEALANT – BLUE
Worldwide replacement for 242® Threadlocker. A medium strength, general purpose thread locking adhesive, especially well-suited for fasteners between 1/4” and 3/4” diameter (6 to 20mm). Applied to threaded components before assembly. Blue 243 has controlled lubricity for accurate clamp loads. Disassembly possible with hand tools.
99642-97 Blue 6 ml Tube.

K. LOCTITE 262 THREADLOCKER AND SEALANT
Loctite® 262 is a permanent, high break-away strength product designed for securing fasteners 3/8” to 1” in diameter that must withstand heavy shock, vibration, or extreme chemical or environmental conditions. Localized heating and hand tools are required for disassembly.
94759-99 Red 6 ml Tube
11100006 Red 50 ml Bottle.

L. LOCTITE THREADLOCKER STICK
Loctite Threadlocker Stick is formulated to lock and seal threaded metal fasteners. The wax-like semi-solid won’t drip like liquid formulas, and is conveniently packaged in a self-feeding stick applicator. Available in medium and high strength formulas.
9 Gram Stick
11100003 Blue 248 – Medium Strength.
11100004 Red 268 – High Strength.

M. LOCTITE SILVER GRADE ANTI-SEIZE
Heavy-duty metal-free anti-seize formulation protects metal parts from rust, corrosion, galling and seizing. Anti-Seize eases disassembly of slip fit, press fit and threaded joints, and provides outstanding lubrication to all metals including stainless steel, aluminum, and soft metals. Withstands temperatures up to 1600°F. Semi-solid stick for easy application.
11100001 20 g Stick Applicator.

N. LOCTITE® QUICKTITE® INSTANT ADHESIVE GEL
Loctite® QuickTite® Instant Adhesive Gel is a general-purpose instant adhesive for bonding metal, plastic, rubber, cork, cardboard, and leather. The precision-flow “squeeze grip” applicator allows pinpoint control of the exact amount and placement of the adhesive. The self-piercing, no-clog tip is spill-proof, and the locking cap prevents leaks and hardening.
11100044 0.14 oz Bottle.
**H-D® AGM* ORIGINAL EQUIPMENT BATTERIES**

Genuine H-D® Batteries offer the latest technology for higher cold cranking amps, long life and improved rechargeability. Featuring the latest AGM technology and great Harley-Davidson graphics, these batteries are durable, long-lasting and trouble-free. Made in the U.S.A.

1. Completely sealed, valve regulated maintenance-free design eliminates acid spills and corrosion damage.  
2. Re-engineered vent system is specially designed to minimize leakage.  
3. Exclusive molded terminal design increases strength and durability.  
4. Unique positive post bushing resists vibration damage and retards acid leaks and corrosion.  
5. Heat sealed cover prevents electrolyte leakage and improves reliability.  
6. Larger diameter through-partition welds direct more power to the starting motor.  
7. Heavy top lead improves plate-to-lug adhesion for vibration resistance and long life.  
8. Plates are lock-bonded together, reducing vibration damage for longer life.  
9. Exclusive calcium/calcium alloy grids provide highest cranking amps and lowest self-discharge. Full frame, power path design directs more power to the terminals for quick, sure starts.  
10. High density oxide provides maximum power-per-pound or dependable "high cycling" service.  
11. Tear-resistant AGM® separators protect plates, ensuring long life.  
12. Exclusive demineralized electrolyte improves service life. Metered addition of electrolyte means no excess acid.  
13. Positive terminal protector (not shown) protects against short circuits and sparks.  
14. Stainless steel terminal bolts (not shown) won’t rust or corrode.  
15. Distinguished Harley-Davidson Bar & Shield is molded into case, for quick, confident recognition.  

*WARNING: Battery posts, terminals and related accessories contain lead compounds, chemicals known to the State of California to cause cancer and birth defects.

**CONVENTIONAL BATTERIES**

65989-90B  
Fits ’91-'96 Dyna and Softail models.  

65991-82B  
Fits ’77-’78 XLCR, ’79-’96 XL, ’73-’94 electric start FX and FXR, ’99-’00 FXR and ’94-’90 Softail models. Replaces P/Ns 65991-82A and 65991-75C. Also fits Buell S2/T Thunderbolt™ models.

66006-29F  
6V.  
Fits ’64-earlier FL and ’63-earlier GE models.

66010-82B  
Fits ’80-’96 FLHR, FLHT and FLT Touring models.

66007-84  
12V.  
Fits ’65-’84 FL, FLH, ’67-78 XLH (except ’77-’78 XLCR), and ’64-later GE models.
A. SUPERPREMIUM5™ OIL FILTERS

Utilizing advances in synthetic media technology, the SuperPremium5™ Oil Filters are Tested-Certified to provide filtration to retain dust, soot and other solid matter with low internal pressure drop. Filter also includes internal pressure relief and anti-drain back valves.

Fits '17-later Milwaukee-Eight™, '99-later Twin Cam and Evolution® models (except '08-'13 XR) and can be used as an upgrade for any motorcycle that requires Oil Filter P/N 63796-77A, 63805-80A, 63812-90 or 63813-90.

63798-99A Chrome.
63731-99A Black.

B. GENUINE HARLEY-DAVIDSON® OIL FILTERS

Filter features cured resin impregnated paper which removes harmful foreign particles from the oil. End caps and thermal setting adhesive provide positive seals, preventing bypassing of contaminant-laden oil.

Spin-On
Fits all XB and Buell® models.
63806-00Y Black.

B. GENUINE HARLEY-DAVIDSON® OIL FILTERS

A. SUPERPREMIUM5™ OIL FILTERS

62700045
Fits '91-98 Dyna® models.
63812-90 Black, Extra Long.
63813-90 Chrome, Extra Long.
Fits late '82-'84 FLH-80 Classics, '82-'86 FXWG, FXSB, FXEF and '79-early '84 XL models.
63782-80 Chrome, Short.
63810-80A Black, Short.
Fits '84-later XL, '88-'13 XR, '82-'94 FXR, '84-'98 Softail® and '80-'98 FLHR, FLHT and FLT models.
63796-77A Chrome, Long.
63805-80A Black, Long.

CLASSIC MOTOR PARTS OIL FILTERS (not shown)
Quality filters at a great price. Replaces P/N 63840-53 or 63835-67T with a cartridge type filter and spring.
62700055 In Tank Oil Filter.

GASKET – Premium nitrile rubber with special lubricity compound to reduce torque during installation and removal.

BAR & SHIELD STAMP

METAL END-CAP – Provides positive seal for filter element assembly.

FILTER ELEMENT – 100% wire-backed synthetic media provides superior filtration while keeping flow restriction low.

STEEL BACK PLATE – Zinc-plated for superior rust prevention. Extra large inlet holes for lower flow resistance.

CHECK VALVE – Silicone anti-drain back valve prevents dry starts by eliminating oil drain back during shutdown. Silicone outperforms and outlasts standard nitrile rubber in both extreme cold and hot temperatures.

SPIN-ON
Fits all XB and Buell® models.
63806-00Y Black.

Fits '15-later XG models.
62700045
Fits '91-98 Dyna® models.
63812-90 Black, Extra Long.
63813-90 Chrome, Extra Long.

A. HARLEY-DAVIDSON® ORIGINAL EQUIPMENT

AIR FILTER ELEMENTS

Late-model pleated paper type elements with aluminum back plates.

- **29400078** Fits ’15-later XG models.
- **29331-04** Fits ’04-’13 XL models with oval air cleaner assembly.
- **29400015** Fits ’14-later XL models with round air cleaner cover.
- **29377-08** Fits ’08-’12 XR models.
- **29437-01A** Fits ’02-later VRSC™ models.
- **29400042** Fits ’04-’06 carbureted Twin Cam equipped models, '01-’15 EFI Softail™ (except ’08-’11 FLSTSB, '11-later FXS, '12-later FLS and '13-later FXDB) and ’02-’07 EFI Touring and Dyna® models.
- **29633-08** Fits ’08-’13 Touring and Trike models.
- **29400045** Fits ’16-later Softail (except FLSTFBS) and ’14-’16 Touring and Trike models.
- **29400212** Fits ’17-later Touring and Trike models with Milwaukee-Eight™ engine.
- **29191-08** Fits ’08-’15 Dyna models with teardrop air cleaner.
- **29314-08** Fits ’13-later FXDB, ’12-’15 FLS, ’08-’11 FLSTSB, and ’11-’13 FXS models.
- **29509-06** Fits ’06-’10 FLHTCUSE models.
- **29462-99** Fits ’99-’01 EFI Twin Cam models (except ’01 Softail).
- **29291-95** Fits ’95-’99 Evolution® 1340 models with electronic fuel injection (EFI).
- **29299-91A** Fits ’91-’95 Evolution 1340-equipped Dyna, FXR, Softail, and Touring models.
- **29331-96** Fits ’88-’02 Evolution XL models.
- **29259-86** Fits ’86-’89 Evolution 1340 models.
- **29325-95A** Fits ’95-’03 Evolution XL and 1340 models. (International models only. See your Dealer.)
K&N® replacement air filters are engineered to improve airflow for increased horsepower and quicker acceleration. K&N filters provide excellent filtration, and because they are washable and reusable, you can clean the filter whenever conditions demand. Designed as direct replacements for specified fitments.

NOTE: These washable and rechargeable filters use a special coating to help filter fine particles from the incoming air. With time, the oil in the filter will dissipate and the element will begin to turn gray. Clean the surface and renew the original red color with an application of K&N Air Filter Care products.

1. **29400020** – Stage I–Multi-fit.

2. **29400021** – Stage I–Dyna.
   Fits ’08-later Dyna models equipped with High-Flow Air Cleaner Kit. Replacement for P/N 29385-08.

3. **29400019** – Stage I–Touring.
   Fits ’16-later Softail and ’08-later Touring and Trike models equipped with High-Flow Air Cleaner Kit. Replacement for P/N 29244-08.

   Fits 17-later Touring and Trike models equipped with High-Flow Air Cleaner Kit P/N 29400245 or 29400246.

5. **29400065** – Extreme Billet.
   Fits 15-later XL, ’16-later Softail, and ’08-later Touring and Trike models equipped with Extreme Billet Agitator and Chisel Air Cleaner Kits.

6. **29400109** – Burst Collection.
   Fits ’08-later Dyna, Softail, Touring and Trike models equipped with Burst Collection Air Cleaner Kits.

   Fits models equipped with Twin-Cam Ventilator and Extreme Billet Ventilator Performance Air Cleaner Kits. Replacement for P/N 29670-09.

8. **29400293** – Ventilator.
   Fits 17-later Touring and Trike models equipped with Ventilator Air Cleaner P/N 29400298 or 29400299.

   Fits models equipped with Heavy Breather Kit P/N 29098-09, 29299-08, 29080-09 or 29264-08.

10. **29702-08A** – Heavy Breather–Touring.
    Fits models equipped with Heavy Breather Kit P/N 29006-09B, 29253-08B, 29000065 or 29400105.

11. **28714-10** – Heavy Breather–Compact.
    Fits ’08–16 Touring and Trike models equipped with Compact Heavy Breather Kit P/N 28716-10A.

12. **29400141** – Heavy Breather Elite.
    Fits models equipped with Screamin’ Eagle® Heavy Breather Elite Performance Air Cleaner Kit P/N 29400172 and 29400173.

13. **29400276** – Heavy Breather, Black.
    Fits 17-later Touring and Trike models equipped with Heavy Breather Air Cleaner P/N 29400263 or 29400264.

14. **29400275** – Heavy Breather, Chrome.
    Fits 17-later Touring and Trike models equipped with Heavy Breather Air Cleaner P/N 29400263 or 29400264.
A. SCREAMIN' EAGLE® PERFORMANCE SPARK PLUGS

Screamin' Eagle® Spark Plugs feature double platinum coating for superior erosion resistance and extended life. The “V” trimmed ground electrode reduces shrouding of the flame front to promote flame propagation, and the fine wire center electrode enhances startups and ignition stability. Screamin' Eagle Plugs feature Ribbed Core Technology (RCT) that provides resistance to fouling, and are designed with Original Equipment-style noise suppression to prevent electrical interference with radios and CB communication equipment. Works great in racing applications where rich air/fuel conditions are required. Unique style with Screamin' Eagle logo. Sold in pairs.

Stock Compression Applications

Designed for modified engines including performance carburetors, high-flow air cleaners, camshafts, exhaust systems and ignition systems in conjunction with stock compression ratios.

- 31600106 Stock Compression Applications
  Fits '99-later Twin Cam-equipped models, and '86-later Evolution® Sportster® 883, 1100 and 1200 models.
- 31600085 Stock Compression Applications
  Fits '15-later XG models and '17-later Milwaukee-Eight™ engine equipped models.

High Compression Applications

These plugs are designed for high performance applications involving modifications in high-flow air cleaners, camshafts, exhaust, performance heads, ignition components, higher compression ratios above Original Equipment configurations or engines specific for racing applications.

- 31600105 High Compression Applications
  Fits '99-later Twin Cam-equipped models. '86-later XL and XR and Evolution 1340 models equipped with Screamin' Eagle Performance Cylinder Heads.

B. HARLEY-DAVIDSON® GOLD SPARK PLUGS

A special thread and shell coating ensures quick and easy removal from aluminum heads and resists corrosion. A gold palladium insert extends life and improves resistance to corrosion. The tapered tip provides better spark exposure to air/fuel mixture and allows the mixture to flow more easily through gap area for maximum combustibility. Fouling resistance is improved with smaller diameter center electrode wire and insulator tip. Plus, a copper-cored ground electrode runs cooler for extended life.

- 32365-04 (6R12G)
  Fits '86-later XL and '99-later Twin Cam-equipped models or use in place of No. 6R12.
- 32367-04 (5R6AG)
  Fits late '78-'84 Shovelhead and '84-'99 Evolution 1340-equipped models or in place of Nos. 5R6A and 5RL.
- 27794-08 (10R12X)
  Fits '08-'12 XR models.

C. HARLEY-DAVIDSON ORIGINAL EQUIPMENT SPARK PLUGS

- 32335-04 (10R12A)
  Fits '02-later VRSC™ models.
- 31600012 (RG6HCC)
  Fits '15-later XG models and '17-later Milwaukee-Eight engine equipped models.
- 32342-04 (5R6A)
  Fits late '78-'84 Shovelhead and '84-'99 Evolution 1340-equipped models.
- 32362-04A (6R12)
  Fits '86-later Evolution-equipped XL models and '99-later Twin Cam-equipped models.
- 32338-04 (4RS)
  Fits '71-'85 Iron Sportster.
- 32336-04 (4R)
  Fits '54-'66 KH, '57-'70 XL-900, '71-'85 Iron Sportster and '48-'74 FX and FLH models.
- 32337-04 (3-4)
  Fits '48-'74 FLH/FX.
## D. H-D® ORIGINAL EQUIPMENT BRAKE PADS

### Front
- **41300169** Front. Fits '16-later XG models.
- **42897-08** Front. Fits '08-later VRSC™ models.
- **42897-06A** Front. Fits '06-'07 VRSC models.
- **41300004** Front. Fits 14-later XL models.
- **42831-04A** Front. Fits '04-'13 XL models.
- **42739-08** Front. Fits '08-'13 XR models.
- **46363-11** Front. Fits '12-later Dyna® and '11-'14 Softail® (except Springer™) models.
- **41300102** Front. Fits '15-later Softail models.
- **44082-08** Front. Fits '08-'11 Dyna and '08-'10 Softail (except Springer) models.
- **41854-08** Front. Fits '08-later Touring and '08-'13 Trike models.
- **44063-83C** Front. Fits '84-'99 XL, '84-'86 FX, '84-'99 FXR, '91-'99 Dyna, '00-later Springer, '84-'99 Softail and '84-'99 FLHR, FLHT and FLT models.
- **41300027** Front. Fits '14-later Trike models.

### Front & Rear
- **41300072** Front/Rear. Fits '15 XG models.
- **44082-00D** Front/Rear. Fits front and rear brakes on '00-'05 VRSC, '00-'03 XL and '00-'07 Dyna, Softail and Touring models (except front brakes on FXSTS and FLSTS Springer). Does not fit '06-'07 rear brakes on FLSTFSE, FXST, FXSTB and FXSTS models.

### Rear
- **41300161** Rear. Fits '16-later XG models.
- **42850-06B** Rear. Fits '06-later VRSC models.
- **41300053** Rear. Fits 14-later XL models.
- **42029-07** Rear. Fits '07-'13 XL models.
- **42836-04A** Rear. Fits '04-'06 XL models.
- **42310-08** Rear. Fits '08-'13 XR models.
- **42298-08** Rear. Fits '08-later Dyna and Softail models.
- **44209-87C** Rear. Fits late '87-'99 XL, FXR, Softail and '91-'99 Dyna models.
- **41852-08B** Rear. Fits '08-later Touring models. Does not fit Trike models.
- **43957-86E** Rear. Fits '86-'99 FLHR, FLHS, FLHT and FLT models.
- **41300033** Rear. Fits 14-later Trike models.
- **83911-09B** Rear. Fits '09-'13 Trike models.
DUNLOP® • HARLEY-DAVIDSON®

Since 1984, Dunlop® Tires has provided Original Equipment and service replacement tires for Harley-Davidson Motorcycles. Dunlop is recognized as the world-leader in motorcycle tire design, engineering and manufacturing excellence.

Dunlop D407 tires feature MT Multi-Tread™ technology that pairs a long-wearing center compound with a high-grip side compound for improved ride, handling and tread life.

Refer to the tables on page 918-924 for proper fitment.
DUNLOP® - HARLEY-DAVIDSON® TIRES

D407/D407T/D408 TOURING
The D407/D408 tire is constructed for '09-later FL Touring, Select Softail® and specific Custom Vehicle Operations™ (CVO™) models and is available exclusively through Harley-Davidson® dealers. The FL Touring rear tires feature Dunlop’s advanced MT Multi-TreadTM technology.

• Tire features bold Harley-Davidson script on the sidewall.
• MT Multi-Tread rear tire incorporates a tough tread compound in the center that runs cooler to provide stability, excellent traction under braking and long life and to each side is a section of lateral-grip compound that enhances traction at higher lean angles for great grip while cornering.
• Reinforced multi-layer tire carcass gives the tire strength for long life and provides stability at highway speeds and maximum lean angles.
• Bold, angled lateral grooves in the tread pattern evacuate water from the contact patch on wet roads.
• The D407/D408 is available in blackwall, slim white and wide-white sidewall styles.
• The D407T is only available in blackwall style.

D402 TOURING
Built with a three-ply polyester casing with two fiberglass belts, the D402 offers greater load-carrying capacity and stability.

• Computer-optimized tread profile with offset center groove improves rider confidence over rain grooves and steel-grated bridges, while reducing cupping for even wear.
• The D402 is available in blackwall, slim whitewall, wide whitewall and engraved wide whitewall styles.

D401 CRUISER
An advanced tread pattern and specifically formulated compound deliver outstanding grip in wet or dry weather and provide long tire life.

• D401 tires use bias or bias-belted construction and incorporate a computer-optimized tread profile to reduce cupping for even wear.

GT502 PERFORMANCE
GT502 Performance Tires feature an optimized profile, contact patch and compound for superior grip in dry conditions, with solid grip during wet weather riding conditions.

SIGNATURE SERIES
Signature Series Tires are packed with features for responsive handling and confident cornering to tighten the connection between you and the road.
MICHELIN® TIRES

Since 1889, Michelin® has been a leader in the tire industry. From introducing the world’s first radial tire in 1946, to being the first to use radial motorcycle tires in race competition, Michelin has demonstrated its dedication to producing some of the world’s most innovative tire products. A leader in racing technology, Michelin researches, tests and develops tire solutions in the most demanding form of racing competition. Harley-Davidson® motorcycle riders benefit from that technology, as Michelin transfers track technology into Harley-Davidson motorcycle riding confidence and performance.

Refer to the tables on page 918-924 for proper fitment.
MICHELIN® SCORCHER® TIRES
Made exclusively for Harley-Davidson

The Scorcher is the first Michelin® – Harley-Davidson® co-branded tire, with a bold Harley-Davidson script on the sidewall. Featuring an exceptional combination of durability, comfort and handling. The Scorcher “11” and Scorcher “31” are factory-installed on many models, and can be installed as a replacement tire on other specified models.

- Rear Tire Architecture:
  Provides stability, great handling, plus comfort.

- 3 Polyester Carcass Plies:
  Strong and supple casing for comfort on long rides.

- 2 Aramid Belt Plies:
  Maintains consistent contact patch for a long and even wear life.

MICHELIN® • HARLEY-DAVIDSON® TIRES

MICHELIN® SCORCHER® TIRES

Outstanding Grip:
Semi-slick tread pattern maximizes the contact patch for excellent adhesion on dry roads. Optimized tread groove design efficiently evacuates water for dependable wet grip.

Excellent Tread Life:
Derived from Michelin’s championship-winning racing tires, newly developed rubber compounds combine durability and high performance.

Precise Handling:
The latest generation of Michelin radial technology allows for easy maneuverability and impressive agility.

Remarkable Grip:
Innovative rubber compounds, incorporating know-how derived from Michelin’s decades of road-racing experience, provide remarkable grip on both wet and dry roads.

Exceptional Comfort and Handling:
The supple casing design and profile of MICHELIN® Scorcher® “31” tires promote rock-solid handling on winding roads.

Long Mileage:
Michelin carbon black-enriched rubber compounds promote excellent durability without compromising performance.
